No alternatives available Minden council confronts hazard land issue

by SUE COOPER
Staff Reporter

With virtually no other alternative available, Minden council was forced to admit there could be a "possible minimal flooding situation" along the Gull River and applied for special policy area status.

Council met with Don White, Jim Dewey and Brian Donahue, of the Ministry of Natural Resources (MNR) last Thursday in yet another attempt to solve the hazard land issue before the two parties faced an Ontario Municipal Board hearing.

Since last fall, the MNR, has requested the municipality undertake an engineering study to determine floodline mapping along the Gull River.

However, council fears that if the mapping exhibited a large hazard land area, such restrictions could be put on building that vacant land could become virtually worthless. Seven ratepayers who own property along the river also attended the special meeting.

Although council was hesitant to outline hazard land in its new comprehensive zoning by-law it finally conceded by designating a 66 foot on each side of the river as hazard land earlier this year. However, the MNR did not agree that this is the extent of the flood zone and has filed an objection to the zoning by-law with the Ontario Municipal Board (OMB).

Donahue told the council he planned to tell the OMB that council had not tried to cooperate with the provincial policy and had not even applied for special status. He was confident he could win the favour of the OMB with such an argument.

Councillor Lyle McKnight agreed with Donahue that the ministry would probably win in the OMB battle but questioned where the municipality would stand if Minden village was not given the special policy designation which alleviates many of the flood zone restrictions.

Donahue told the councillors that the OMB would be more sympathetic to the council's situation if it had exhausted every avenue.

The council is handling the hazard land issue in a reverse order mainly because it does not want to undertake an engineering study to discover if land hazardous to flooding does exist in the townsites and subsequently not qualify for the special status because the municipality does not have an official plan.

"If the engineering study comes back negative, I have to agree with my colleague (Ed Pergolas) over there, we're dead," McKnight said.

At the meeting council also passed a motion to have the floodline mapping undertaken subject to the approval of the special status area being designated.

While the property owners in the audience felt the council was making a mistake by requesting the special status and in turn "admitting" there was a problem, the council could see no other way to deal with the problem.

"I think our only hope is to get a special policy status," McKnight said.

If council decided not to work within the guidelines of the provincial policy, and the zoning by-law was not approved by the OMB, the MNR would still be able to turn down severance and

subdivisions on the basis that the land could be hazardous to flooding.

If the municipality did not commission the study, completed before subdivisions would be granted by the MNR.

"This would have happened regardless of the zoning by-law," Donahue told the council.

Councillor Pergolas told the MNR representatives the municipality was concerned as the future use of vacant lots if deemed to be in a flood plain.

"The ones we're worried about are the vacant lots in the dish," Pergolas said. Pergolas said it was unfair for property owners to have paid taxes on the land for many years and not be able to reap any benefits.

While council still felt the possibility of serious flooding of the Gull River in Minden did not justify a restriction on building it had no choice but to work within the provincial policy. Programmes under the Canada/Ontario Flood reduction programmes are subsidized if flood proofing is required on existing buildings.

Council's next move hinges on the decision handed down by the MNR and Ministry of Municipal Affairs and Housing on the possibility of Minden qualifying for special status.

If you mix sun, some children and a dog you're sure to

come up with a fun day. That's what they did in Stanhope, more pictures are on page 3.

Council takes a look at hours

by SUE COOPER
Staff Reporter

Minden council is undecided whether to allow grocery stores and other retail outlets to open on Sundays or bow to pressures from smaller store owners to enact a by-law that would allow only "convenience" stores to be open that day.

Mike Easton, owner of Minden and Haliburton Red and White grocery stores, told council his store was allowed to stay open because businesses in designated tourist areas were exempt from the provincial legislation governing Sunday closures.

While no other business owners were present at council, clerk Elinor Burke said complaints concerning the Red and White opening on Sunday had been received in the municipal office.

Both deputy-reeve Doug Pritchard and councillor Lyle McKnight felt Easton's Sunday hours would directly affect the smaller stores' business. Pritchard said Easton would not be putting any of his customers to an

inconvenience if he was not open on Sunday.

In 1980, convenience store owners pressed the council to enact a by-law to restrict Sunday openings to stores with less than 1500 square feet (areas could be roped off) and three employees on duty. However, the by-law was not made into law as

Easton dropped the idea of opening his store on Sundays at that time.

"Why should we be restricted because of our size," Easton asked the council members.

Reeve Lloyd Walker agreed with Easton that a business should not be told what hours it could be open.

Easton confirmed the only hours he would be open was from 12 noon until 5 p.m. on Sundays.

He said it had been proven in Haliburton village that his grocery store could be open on Sundays and not force the closure of convenience stores. In Haliburton Mike's Milk is located directly

across the street from Easton's establishment.

Easton contrasted Ontario to the United States where most stores are open on Sundays and tourists can shop, whenever they like. "People won't stop in our town if there's nothing to do there," he cautioned council. Minden Red and White

store manager, Bill Kulas, told council the grocery store provided items such as fresh fruit, vegetables and meat that were not available anywhere else on Sundays. "What if you want a steak on Sunday," Easton asked. "You make a very strong point, but unfortunately, the

Please turn to Page 2

MPP to go to conference

Victoria - Haliburton MPP John Eakins said he is looking forward to the Commonwealth Parliamentary Association meeting he will attend from July 31 to August 7.

Eakins said he hoped he "will get a broader viewpoint" from the meetings which bring together parliamentarians from all parts of the British Commonwealth of Nations.

"This is the first time I've been to the Commonwealth association meeting," Eakins said. "I've been to other conferences on behalf of the legislature but I'm really looking forward to this one."

Eakins will be one of six

members of the Ontario legislature at the conference.

Eakins said that a great many people do not realize that the Commonwealth is composed of other nations besides Britain, Australia, New Zealand and Canada. "Two thirds of the Commonwealth are black nations," Eakins observed.

Eakins said that the world-wide parliamentary group "is a good organization."

Eakins said that the group will be looking at so-called mega-projects for part of its agenda. "We will be looking at the pros and cons of these large scale projects; invest-

igating the benefits and the stumbling blocks they present."

One of Eakins' concerns is that the mega-projects call for skills and techniques which are in short supply in Canada and require the importation of skilled personnel.

"That's defeating the purpose of the projects," Eakins said. "They're supposed to be helping our own country."

He added that allied concerns which would be investigated by the parliamentarians would be the questions of constitutional guarantees of freedom of mo-

bility and inter-provincial co-ordination of education as they relate to mega projects.

There will be several other issues on the agenda of the meeting.

The meeting will be held in Yellowknife in the Northwest Territories and Eakins said that he would take the opportunity to visit a number of settlements in the area.

"The accent will be on the Northwest Territories," Eakins said. "I will be going up to Rankin Inlet, for instance, to see what is happening in the smaller communities."

Another of Eakins' concerns on the trip will be

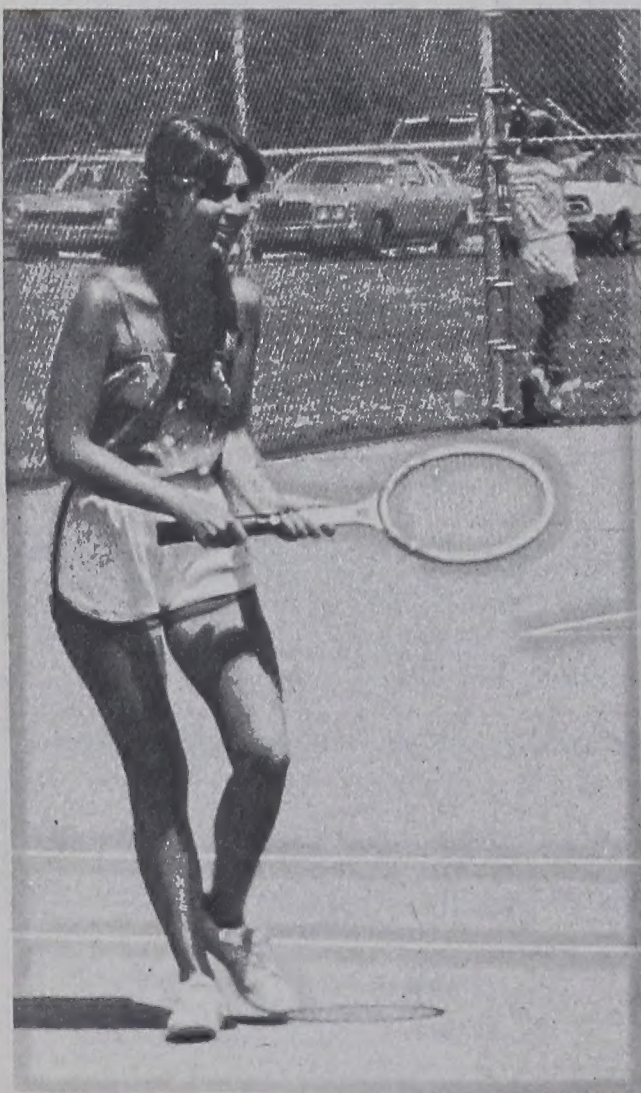

attempting to discover what part Ontario will play in the development of Canada in years to come.

Echo will be open

The Echo office will be open for business Monday, August 2 during normal business hours.

All usual weekly deadlines still apply.

The staff at The Echo hope all visitors to the Highlands enjoy the Civic Holiday week-end to its fullest.

Soaking up the sun while playing tennis is a good way to spend the afternoon.

Second Midnight Madness Sale is set for Friday night

They say that lightning never strikes twice in the same place, but this Friday evening, July 30, the merchants participating in Haliburton's Second Midnight Madness Sale will be out to prove them wrong.

At last year's big Midnight Madness extravaganza some of the stores were so busy that there were long line-ups of people waiting to get in and take advantage of all the bargains.

This Friday night from 10 p.m. to midnight the local merchants are going to do it all over again.

The second community-wide Midnight Madness Sale will have more than 28 participating merchants. This year businesses on the outskirts of the village will be involved.

The West Guilford Shopping Centre and the Eagle Lake Store will take part in the sale also.

The local merchants, who are still talking about the success of last year's sale are offering "super-savings" on a large selection of merchandise again this year.

The stores are always open on Friday evenings during the year and this Friday will be no exception. However, they will close from 9 p.m. to 10 p.m. in order to give the staff a rest before the big rush gets underway. It will also give the merchants the opportunity to get their sale merchandise in place.

A special 16 page advertising supplement included with this issue gives details of the bargains that will be offered by the participating merchants. By taking time to read this supplement the consumer will put dollars of savings back into your pockets.

In addition to in-store draws planned by several of the local merchants, The Haliburton County Echo is offering shoppers a chance to win one of 10 prizes valued at approximately \$50 each. Customers will get a ticket on the draw with each purchase.

Customers must fill it out and drop it in a box in any one of the stores in order to qualify as a winner.

The sponsors would like to remind everyone that the Midnight Madness Sale will not only be in progress on the main street but also at Emmerson Lumber, Kennedy Surplus and Exchange, Sally's Discount House (all on Maple Avenue), Newbatt's

Furniture and Appliances on Oak Street, The Rails' End Gallery and Haliburton County Echo on York Street, Haliburton Lumber and Haliburton Marine just out of town and at the West Guilford Shopping Centre in West Guilford and the Eagle Lake Store at Eagle Lake.

The Sky Slider, next to the Curling Rink will offer all rides at half price during these two hours.

Shoppers are urged to come dressed in night attire to add to the fun. It could also mean money in your pocket as two \$25.00 cash prizes will be given out to the two people who in the judge's opinion look the funniest.

Haliburton Rotary carnival returns

Carnival revellers will descend on Haliburton Village next week as the annual Haliburton Rotary Carnival returns for its annual extravaganza.

The event begins Wednesday with an added feature this year. At 5 p.m., the Haliburton - Labatts fun and fitness run will begin. The registration fee of \$2.00 can be paid at the Information caboose on race day for the 10 kilometre run. Information concerning the run can be obtained from Bob MacNaull or Ken Rydman.

The exquisitely palatable beef barbecue will be held at the ball diamond from 5:30 to 8 p.m.

The action on the main street will be the focus at 6:45 when the annual monster parade rolls along. This year's theme is pioneer days.

The crowds will then flock back to the ball diamond to be tantalized by midway rides, games and plenty of food.

At 8 p.m. bingo numbers will begin rolling in the Legion hall.

Ed Whiteway, disc jockey, will play the tunes at the dance in the curling club from 8 p.m. until 1 a.m. Admission is \$2.00.

The music will end at 9:30, while the arm wrestling championships are battled out in the curling rink. Cash prizes are awarded in four classes.

The fun continues at the midway Thursday afternoon with the first scheduled event com-

Lutterworth rejects MNR's hazard land

At the July 13 special meeting of the Lutterworth council with the Township's Planning Consultant, the council passed the following motion:

Moved by Bill Prentice.

Seconded by Bill Valentine.

Be it resolved that, subsequent to council's thorough review and consideration of the zoning of lands throughout the township within an Environmental Protection Zone, as requested by the Ontario Ministry of Natural Resources, by-law no. 4-81 shall not be amended to incorporate such a zone classification and related regulations.

Lutterworth council has, in passing this motion, taken a position with respect to its new Restricted Area By-law Number 4-81, which it feels is in the best interests of the residents and the property-owners in the Municipality.

The Ontario Ministry of Natural Resources (MNR) has developed a 'provincial policy' regarding the protection of lands that they believe are susceptible to flooding, from the encroachment of structural development or major landscape alterations. The Province is therefore pressing municipalities to implement this policy in their planning documents.

In view of the fact that the final form of the township's Restricted Area By-law Number 4-81 does not contain any hazard land mapping or zone provisions relating to environmental protection; the MNR has objected to the Ontario Municipal Board on the basis that the 'provincial policy' has not been implemented in the Lutterworth township council's latest planning document.

At a special meeting of the council and its planning consultant, with representatives from the Ontario Ministry of Housing and the MNR's Huntsville Regional Planner,

on June 9, 1981, the provincial representatives viewed the township's hazard land mapping, prepared in accordance with the terms of reference for by-law 4-81, as 'suspect'.

They stated to council that any provision in the Environmental Protection Zone regulations for the relief of lots of record affected by this zone classification would be unacceptable to the Province.

In view of this inflexible stand taken by the representatives from the MNR, council believed that the only course of action open to it was to eliminate any such

zone classification and associated mapping and regulations from the township's new comprehensive zoning by-law.

Following the mandatory public circulation of the township's new Restricted Area By-law 4-81, and on account of the objection raised by the MNR to this document's approval by the Ontario Municipal Board, together with that Ministry's request for further dialogue with the municipal council and its planning advisor, council again met with provincial representatives on March 25, 1982, in the

presence of the municipal solicitor.

At this meeting the representative from the MNR agreed to a review of the township's initial approach to Environmental Protection Zoning and gave its approval to the related township mapping of Environmental Protection Areas.

For the council to authorize now an amendment to Restricted Area By-law 4-81, in order to implement Environmental Protection Zone provisions and related mapping and regulations, would require a second general circulation of the amending by-law, at considerable additional cost. It would further delay the processing of By-law 4-81 through the Ontario Municipal Board.

The municipality has had its new Restricted Area By-law lodged with the Ontario Municipal Board since late in January of this year, awaiting scheduling by the Board for public hearing.

Council believes that the intent of the province to implement a general policy, regarding protection to persons and property, throughout the province should not be allowed to bring hardship to the property-owners of Lutterworth whose lands would be affected by this restrictive zoning.

Such individuals would suffer heavy financial loss, through the devaluation of their properties, aside from the loss in human terms where the lands are being held for future personal use.

If Lutterworth were developing at a profoundly rapid rate into an 'urbanized' area, then perhaps there would be some justification for the need to consider implementing environmental protection policies.

However, in view of the limited pace of development in this region and the minimal growth in population, such a policy is not considered by the municipal council to be necessary, or even justifiable.

The council, therefore, wishes to enlist the active support of its ratepayers and residents in rejecting this provincial policy, which if implemented, would adversely affect the value of land in much of our township, without adequate reason.

Briefly ...

General Occurrences

Officers at the Minden Detachment of the OPP investigated 15 motor vehicle accidents and 104 general occurrences during the past week.

Among the general occurrences were 23 cases of theft and eight liquor infractions.

Man electrocuted

Kenneth Hammond, of Aurora was electrocuted on July 20 when he attempted to resolve electrical problems at his cottage by himself. He climbed a hydro pole at the rear of his lot and apparently came into contact with a 7,200 volt transformer.

He was noticed hanging lifelessly on the pole about 45 minutes later. All attempts to revive him failed.

First and last ride

Seventeen year old Phillip O'Reilly of Stanhope was out for his first night-time drive on his 1982 Suzuki motorcycle on July 19. He lost control of the bike on Highway 35 north of Carnarvon and struck a rockface. He was admitted to Minden Red Cross Hospital for treatment of his injuries. His bike received \$1,200 damage.

Careless driving

Lucille Kaple of Lake Placid, Florida, was driving on County Road 14 in Harburn near Haliburton Lake on July 22 when she lost control of her 1976 Oldsmobile. The 75 year old woman was not injured but her car received \$3,000 in damage. She was charged with careless driving.

Sunday question

from page 1

others will make a strong point too," Ed Pergolas told Easton. "The smaller stores are going to be against it," the councillor warned.

Council decided to invite Easton and any other interested people to its next regular meeting on August 11 to discuss the matter fully.

IT'S MIDNIGHT MADNESS TIME AGAIN
JULY 30, 10 p.m.
TIL MIDNIGHT

Office gets "fantastic" response

A by-law to amend the by-law establishing a fire department, was passed. This by-law is to eliminate the restriction on the number of fire captains.

A by-law to regulate the use of land and the character location and use of buildings and structures in the United Townships of Galway and Cavendish was passed. This by-law is to change the zoning of the south half of Lot 9, Concession A in Galway, belonging to Zwicker, from Rural to Recreation Residential.

An extension was granted for the Galway Acres Ltd. draft plan of subdivision, Birch Bark Lake, to August 6.

The road allowance between Concession 4 and 5, Lot 19 Cavendish, will be stopped up and sold to Messrs. Berhardt and Goddard at a price of \$1,500 per purchaser.

The Lindsay Agricultural office has had a "fantastic" response to the Ontario Farmstead Improvement Programme (OFIP) that was announced in the provincial budget on May 13.

"We've had really good response," said Joan Miller. "Applications are coming in like flies now that the deadline is drawing close."

Under the OFIP scheme the province will pay up to 50 per cent of eligible improvement costs up to a maximum

of \$2,000 per farm. The funds are intended to help improve farm fencing and farm structures for the Ontario agricultural community.

Only projects which involve outside hired labour are eligible for the grants.

Approximately five applications have been received from farms in Haliburton County and more than 250 applications have been handed in to the Lindsay office from farmers in Victoria and Haliburton combined.

Many of the applications at the Lindsay office are for the full amount Miller said.

To qualify, farmers must produce at least \$2,000 in food products or own and farm 100 acres. "As long as they meet the guidelines they will probably be approved for the grant," Miller said.

Applications which are handed in to the Lindsay

office are checked before being forwarded to Toronto. An inspector is sent to the farms to ensure that the work described in the application has been done and then the form is sent to the accounts branch in Toronto who ensure that it is eligible.

Originally five million dollars was budgeted for OFIP but the funds available were increased when it became clear more farmers were interested than had been anticipated.

The Lindsay office will continue to accept applications for the OFIP grants and Notice of Intent forms until office closing on Friday, July 30. Farmers who have not at least filed the Notice of Intent form will not be eligible for the grant after this deadline.

Details of the programme and applications are still available from the office.

NOTICE

The Ministry of Natural Resources has received an application to install marker bouys as a water ski slalom course on Crown lakebed off the north shore of Crystal Lake fronting Lot 31, Concession XI, Township of Galway, County of Peterborough. Written comments regarding this proposal will be received up to and including the 6th day of August, 1982 after which the Ministry will consider approval of the application.

Comments should be directed to:

TOWNSHIP OF SNOWDON REQUIRES A

Road Superintendent's Helper

Applications in writing will be received by the undersigned for the above noted position until 4:00 p.m., August 9, 1982. Candidates should have the following qualifications:
Hold a valid Ontario Class D Driver's Licence or better.
Capable of operating small construction equipment.
The ability to undertake minor repairs and maintenance of equipment.
A basic knowledge of road construction and maintenance operations, preferable with experience in one or both.

Geoffrey Wynne, A.M.C.T.,
Clerk-Treasurer,
Township of Snowdon,
R.R.#1
Minden, Ontario. KOM 2K0

Applications should be sealed and clearly marked as to contents.

NOTICE TOWNSHIP OF GLAMORGAN

By virtue of the authority vested in me, I hereby declare

Monday, August 2nd, 1982

to be a Civic Holiday in the
Township of Glamorgan.

MUNICIPALITY OF DYSART ET AL

The following lots are being advertised for sale. Offers will be accepted until 5:00 p.m., Friday, August 6, 1982. All offers should be in a sealed envelope and plainly marked "OFFER FOR LAND". The highest or any tender is not necessarily acceptable. The purchaser will be responsible for all environmental approvals, however, proper zoning will be in place.

Benoir Lake - Lots 129 and 130, Plan 500

Kennisis Lake - Lots 34 and 35, Plan 459, Lot 11, Plan 377

Drag Lake - Blocks A and B, Plan 434, Blocks A and B, Plan 435

Haliburton Lake - Block B and Lot 38, Plan 348, Block B, Plan 350

Wayne B. Wood, C.M.C.,
Clerk-Administrator.

MUNICIPALITY OF DYSART ET AL

FOR SALE

The land and buildings known as the Donald School fronting on County Road #1, opposite the entrance to Donald Village.

The property comprises 1-One storey frame building and 2 acres with 220' frontage on County Road #1.

All offers should be in a sealed envelope with the contents clearly marked "OFFER".

Last date for acceptance of offers is August 6, 1982 at 5:00 p.m.

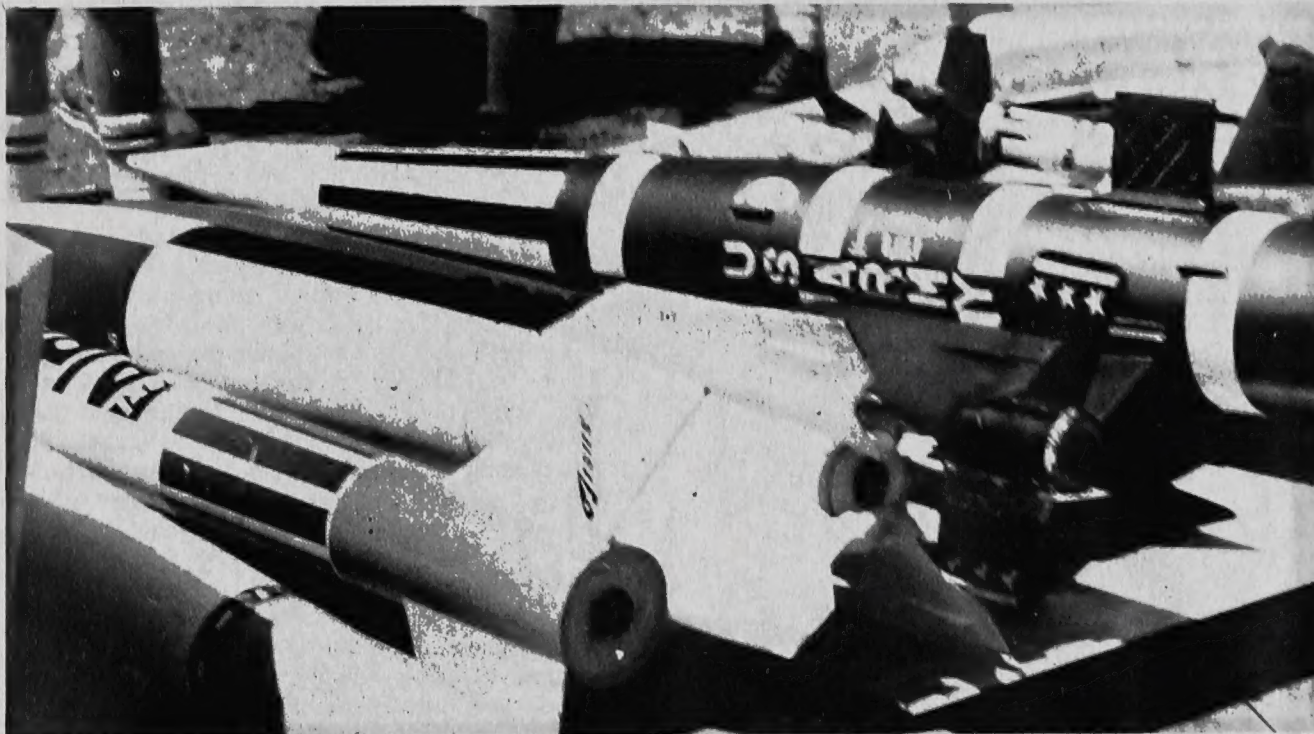

Highest or any offer not necessarily acceptable.

Wayne B. Wood, C.M.C.,
Clerk-Administrator.

More fun in

the Stanhope sun

Stanhope Fun Day was well attended this year. According to Anne Barker, one of the coordinators of the event, the festival drew large and enthusiastic crowds.

"I was so busy I didn't have time to eat lunch or get a drink," Barker said.

The dance and barbeque dinner were both well attended, according to Barker. "We had over 140 people at the dance and a lot of them were teens."

Barker said she was glad to see the large turnout of younger people who often have little to do during the summer months and whose presence is sometimes resented by older people.

The Stanhope Fun Day is not a fund raising event and the organizers merely cover their costs with the proceeds.

Partial results of the fun

day are as follows:

The horseshoe pitching tournament was won by the team of Shannon Mercer and Ray Miscio.

In the darts competition the boys' first place was won by Russell Morrison and Paul Drummond, second place went to the team of Jeff Drummond and Craig Robinson.

The mixed darts competition was won by Sharon Pearson and Jack Morrison and second place went to Sherri Morrison and Barry Robinson.

This was the first year there was a darts competition.

In the barbeque draws the hind-quarter of beef was won by J. Bricken of Rock Slide Resort and the side of pork was won by W.J. Greene of Halls Lake.

from page 1

mening at 4 p.m. The horseshoe tournament, organized in Head Lake Park will be open to 12 teams of men.

The 24 players must be registered by August 3 with either Jim Scheffee or John Wilson. Cost is \$2.00 per player. A draw will be made for partners.

At 6:30 p.m. a canoe safety demonstration will be conducted in the Head Lake Park, followed by the Water World water ski show at 7 p.m. Nine spectacular events highlight the show.

Bingo once again gets underway at the Legion hall at 8 p.m.

The "Burton Brothers" are featured at the dance in the curling rink from 8:30 p.m. until 1 a.m. Admission is \$5 per person.

The ticket draw for the 1982 Chevrolet Camaro will be made at 10:30 p.m.

Reconstruction of Minden Street is postponed till fall

The reconstruction of Prince Street in Minden village scheduled to begin this month has been postponed until September.

Councillors at the regular meeting of Minden council last Monday night, agreed to put the work off until traffic decreases on the entrance to Minden.

The council also opted to complete the entire length of

Prince Street to the intersection of Milne Street with funds from its coffers and the provincial government. They will pave the street in 1983.

Councillor Lyle McKnight, who has been involved in road building for many years, suggested the end result might be better if the road bed was allowed to settle for the winter months and could be brought up to

grade the next year to allow for paving.

Although Gord Crosby, from Totten, Sims, Hubicki who has completed a report on the construction of the street, suggested the township might be able to get a better price for pavement this year, rather than next, McKnight said the savings would probably be lost on the increase in equipment costs

that would be needed to complete the construction in 1983.

Up to this point, council felt the \$100,000 allotted for

the project would only complete it to the intersection of St. Germain Street.

McKnight said he felt the money would be better spent

completely on reconstruction of the street with the paving left to be included in next year's budget.

COMMENT

Editorials

The beat goes on

On summer days it often seems as if the political world has vanished with cold northern wind. Very few people remember the sharp, acrimonious debates that frayed tempers and made collars grow hot during the long winter months.

One might get the impression that the politician is some strange sort of hibernating creature; who, unlike the rest of the animal kingdom, awakens only in the long and dreary winter months while he sleeps the summer away in an isolated cave.

Of course, neither politics or politicians ever hibernate. Although the summer sun drives most political matters from people's minds the wheels of government never cease to turn.

This week two significant pieces of local legislation have passed hurdles on their way to implementation.

Bicroft's by-law which will reorganize it into a township has passed the objection period and now awaits OMB approval and Dysart's ward system by-law has been approved by council and is being forwarded to the OMB for its consideration.

While the majority of citizens are more concerned with lying in the sun and keeping the mosquitoes at bay the province's civil servants will be making decisions on matters which will effect the futures of these two municipalities.

When the citizens return from their summer haunts in the fall and begin to think about the up-coming elections they will find that "the system" has altered in their absence; and they were barely aware of it.

Not that this is a bad situation.

In many ways it is commendable that our politicians and civil servants do not disappear with the snow. If no one performed their duties during the summer our communities would be far more disorganized and less capable to deal with problems during the rest of the year.

Still, a well performed public will make every attempt to keep in touch with the political scene even when the beach seems inviting and the sun, warm.

People who do not stay in tune with the decisions being made by their community's governments have only themselves to blame if decisions are made with which they do not agree.

Protecting people

Two Haliburton county municipalities are fighting battles with the Ministry of Natural Resources over the adoption of a hazard land zoning plan.

While no one can argue that it is sensible for the provincial government to do its utmost to protect the people of Ontario from the dangers of flooding one must question how far-sighted they are being with their policies.

There can be no doubt that the danger posed by flood to people and to property is a serious concern. It would ill-behave any government to ignore these dangers or to refuse to consider them.

At the same time it must be noted that our county has never suffered terrible devastation from serious flooding. History combined with the heavily forested nature of the local geography indicate that the chances of flooding in the near future are remote.

But the hazard land zoning could have a direct and devastating effect on the development of a number of area municipalities that would cause hardship as surely as any flood.

In Minden the hazard land policy could easily have a devastating effect on the village's downtown development and in both Minden and Lutterworth the hazard land designation would have an undesirable effect on the expansion and development of both permanent and vacation properties.

While the government must protect the lives and property of its citizens it must be careful to see that it does not damage their livelihoods in the process.

by PETER McGUINNESS

Lodge responds to reader's complaint

Letters to the Editor

To the Editor:

This letter is in reply to the correspondence written to your newspaper by Mr. M. Summerfield and his family, published in the July 21 issue.

We, as owners of the Haliburton Lodge, found your manner in dealing with the letter in very poor taste. Surely you could have notified our lodge as to the type of publication which he was going to make, in order to give us a chance to defend the highly critical letter.

We realize that Mr. McGuinness was under no legal obligation to contact us but had previously thought that someone residing in the Haliburton Highlands would be well aware of the fact that tourism is highly depended upon in this area. To print such a degrading, insulting and unjustified complaint would hurt not only the lodge's reputation but that also of the area.

The editor was also verbally informed by the Chamber of Commerce that the complaint was unjust before it went to press.

We, Carla and George Landsperger, would like to congratulate the editor of the Haliburton Echo on his fine ability to continue running his paper in such an unbusinesslike manner.

We also feel that Summerfield was very unjust in his complaint as he only resided at our lodge for one evening.

In regards to this matter we are also enclosing a letter from the Haliburton Highlands Chamber of Commerce which was forwarded to Summerfield. It states our defense to the three complaints made by him.

In all nineteen years of being in this business we have never dealt with such unfair criticism. We have many highly respected guests and hope that their high and fine opinion of our lodge is also felt by the public as it is by us to be the actual truth.

George and Carla Landsperger
Haliburton Lodge.

Editor's Note: The following letter was edited due to considerations of space.

Dear Mr. and Mrs. Summerfield:

I am sorry that I could not act on your complaint earlier, but I did get down to see Mr. and Mrs. Landsperger at Haliburton Lodge yesterday, (July 8) and discussed your concerns with them.

The three complaints that you related to me were gone into and my response to them is as follows:

No Beach - As I explained to you earlier on the phone the beach is in fact there, but following the unusually wet June we have just had this, and many other lakes in our county are experiencing

very high water levels.

This is certainly beyond the control of the operators.

No Hot Tub or Sauna - Apparently the only place these items are shown as being available is in the Chamber of Commerce publications.

These were prepared last fall and at that time those facilities were included with the renovations planned for this past winter. The project fell behind schedule and had to be postponed until fall. I am satisfied that there is no attempt here to mislead anyone since these features are not mentioned anywhere on their own brochures or in their current advertising.

Condition of Accommodation - As I told you, I had visited the property within the last three weeks and the accommodation that I inspected at that time was excellent. As it now turns out, the "Glenorchy" which you rented was superior to the units I had seen, and is in fact the best on the property. It is consistently the favourite with their regular guests and is extremely well equipped.

Their refund policy is clearly defined on their rate sheet and although it may be more severe than most they are within their rights to refuse to refund a deposit according to their stated policy.

The Chamber is not in a position to force any of our members to do anything but we can and do make recommendations. I am afraid, however, that in this case I could see none that we should make.

Bob Stinson,
Manager, Haliburton
Highlands Chamber of Commerce

To the Editor:

As an aficionado of Haliburton since 1967, and as a frequent visitor to the Rails' End Gallery, I was shocked to read in your paper recently that Lucinda St. Pierre was fired as the Gallery Curator. According to Sue Cooper's lead story in the July 7 issue of your newspaper, there may be two reasons for St. Pierre's dismissal: "...the firing stemmed from her hesitance to convene the Guild's summer sale"; and/or "...she was told by some of the local craftspeople involved that they were not satisfied with the manner she planned to conduct the show".

I believe that the reasons stated above have little or no validity for terminating St. Pierre's employment, particularly since the Chairman of the Board of Education, Cheryl Murdoch, said that "...we were pleased with what she was doing." The key to the situation seems to be that the Curator had neither a contract with the guild nor a job description of the position she so successfully filled for the term of one year less a day.

From my vantage point (as well as from the point of view of many visitors who have

Please turn to Page 5

Feir Play

Creighton Feir

It's really hard to believe that another year has passed and we are just days away from Haliburton's second Midnight Madness sale. Can you remember back to last year when hundreds of people made their way into the village of Haliburton for the evening of shopping? There were bargains all over the place, line-ups trying to get into the business places and in general everyone had a lot of fun, meeting their neighbours and friends just like it used to be on a Saturday night in those good, old days gone by. If you missed all the fun and excitement last year why not make plans now to be in Haliburton this coming Friday evening, July 30 for Haliburton's Second Midnight Madness Sale from 10 p.m. to midnight. Included in this week's issue of The Echo is the Midnight Madness Supplement with a list of all of the participating merchants and the bargains they will have to offer. Friday night as you know is an open night when the stores are open until 9 p.m. Then they will close for an hour to give the staff a breather, get out their specials and get ready again to open at 10 p.m. with fantastic bargains right up until midnight.

Some of the local citizens have come up with the idea that it would be nice if some flowers were planted in the area around the bridge over the Dra River on Highland Street. It's a splendid idea and these flowers would be a definite asset to this area.

I was talking to one of my old friends just the other day and he was telling me that as far as he is concerned that he is through going to the movies and watching television with all of it's violence and crime shows. In our opinion there are enough depressing things to read about in this day and age. What people need are programmes that stress good clean entertainment for a change. You must admit that one has to be pretty broad-minded to watch some of those sex movie scenes that we have seen on TV in recent months.

Western Days are this Wednesday and Thursday, July 28 and 29 when the Minden Rotary Club present their 1982 edition of the Minden Rotary summer carnival. The big parade is on tonight (Wednesday) led by the award-winning Canadian Knights Marching Bugle and Drum Corps. Here's some of the things to look for at the carnival: the parade, rides, refreshments, the Bavarian Garden, bingo, the midway, the dunking machine, games of chance and much, much more. Bring along the family, wear a western costume and have a real good time.

Rotary's former district governor and a Haliburton Rotarian for many, many years, Harold Herlihey, was the speaker at a recent meeting of the Rotary Club in Haliburton. He gave an outstanding account of the international rotary convention in Dallas, Texas. Harold mentioned that he attended his first international convention in 1949 and has attended twenty or more since then. The three day convention attracted delegates from all the 157 countries and geographical areas which constitute Rotary International. Harold mentioned that there was a Texas barbecue in the Cotton Bowl that served 17,000 people in two and a half hours.

I was talking to my good friend Don Downey from Eganville, who has a cottage on Haliburton Lake. He told me that the water in Haliburton Lake is usually cold, but this year it seems there's a difference. Don took the water temperature on Thursday, July 22 and found it to be 76 degrees fahrenheit. To his knowledge, this is the warmest that it has ever been at this time of year.

On a recent visit to the Sky Slider in Haliburton the owner, Steve Bowskill, invited me to take a look at a movie that he filmed in the nearby area. I viewed the film on a TV which is situated in the snack bar area. I can tell you that I really enjoyed it and found the film to be very interesting and exciting. One of the important aspects of it is the fact that its local and about the area. I would think that it would make a nice program for your organization or service club.

It seems that vandalism is still on the increase here in this fair county of ours and it seems that it's something that we are going to have to live with for awhile. This problem seems to be just like a thorn in your side and a real nuisance to practically every local area. It just seems to be something all the time. If it's not vandalism at the Head Lake Park in Haliburton, then its flower picking time on the shores of the Gull River in Minden where the Minden Horticultural Society do such a fine job. Then we have what seems to be the constant abuse of washrooms whether it be in restaurants or in public places. Let's try to remember that all of these conveniences and public places are there for you to use so please don't destroy them. If we want to keep the Haliburton Highlands beautiful then we are going to have to make sure that we keep it free of vandalism and littering. As I have stated before this beautiful area doesn't belong to just a few people it belongs to everyone and that includes you and me. A little common sense in this matter is all that we are asking.

"Don't rock the boat." How often have you heard that? But when you are in a small craft on a lake or river, it really can be fatal to rock the boat by standing up or moving suddenly. This is a Red Cross water safety tip. Remember this when you are out boating this summer.

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 90 years. Established in 1892 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, R1M 1S0, Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertisement space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads to their classifications and to edit or reject any copy.

VIEWPOINT

Pic of the Past

Tonight (Wednesday, July 28) the annual Minden Rotary Club Summer Carnival will kick-off with a monster parade at 6 p.m. This parade, which everyone looks forward to seeing, has been one of the highlights of the Minden Carnival for the past several years. In keeping with the Minden Carnival theme this

week we went back into our files a few years and brought out this photo showing one of the entertaining entries in one of the bygone parades staged by the Minden Rotarians. The picture was taken on the main street in Minden when the parade was just passing by the Pine Shop.

More letters to the Editor

from page 4

accompanied me to the Gallery in the past years), the Rails' End Gallery was being run in a superbly professional manner.

To the question posed by your "Serendipity" columnist on the inside pages of the same issue of your newspaper, "...does the guild want the station gallery to be a small town craft shop?", I say NO! A thousand times, NO!! for I have seen too many 'small town gift shops' of the calibre of a flea market.

To act as a deterrent to this possibility, I would suggest the following:

1. The immediate re-appointment of Lucinda St. Pierre to the position of Curator for a period of one year;
2. The provision of a job description and terms of reference for the incumbent position; and
3. Reservation of judgement on the wherewithal and capabilities of the incumbent until: (a) she has completed a second term; and (b) the election of a new Guild of Fine Arts Board of Directors.

John A. Raynard,
Wenona Lake

To the Editor:

This is an open letter to Michel Warren. That crown corporation, The Canadian Post Office, has struck again! Not only have stamps increased to 30 cents, they are expected to rise again in the near future.

Worse still we are told that it is against the law to deliver our own cards and letters to friends and neighbours.

This is democracy? Gengis "Warren" Khan strikes again. With this type of legislation, it is now possible to tell us who we may marry, when to make love, and how many children "the State" needs. The Russians couldn't have done it better.

You, Mr. Warren, may be able to justify the increased costs, and maybe, just maybe, we will agree; but seldom have so many, been so well paid, for so little work.

This "service" has decreased in efficiency in direct ratio to the rise in costs and paychecks.

Inflation is soaring Mr. Warren, and with the problems of communication the Post Office has presented us in the past, it is the "straw that breaks the camel's back" to present us with this piece of garbage.

I hope the legal system can cope with all the offenders, because there are going to be a lot of them. I must run now, to deliver this letter to our local paper.

To the Editor:

As everyone is aware, unemployment these days is an almost overwhelming problem. Many of our local young people are feeling the "pinch" and have the choice of working locally at depressed wages or relocating in the city.

A small local business is taking static from the tourists and some older local people concerning the noise level and hours of operation. Unfortunately, the noise is necessary and because the summer is so short, the hours are also necessary.

All the men employed there are family men with "growing" responsibilities and homes to pay for.

The people who are complaining have a guaranteed income, and know where the next dollar is coming from. No doubt their homes are all paid for as well.

It seems unfair that the **haves** should try and tell the **have nots** what to do.

Sharon Bacon

Federal deficit reaching \$20 billion

Report from Parliament

by Bill Scott, MP

The federal government deficit for this year is close to \$20 billion.

This deficit is a direct result of the projected spending of \$78.1 billion. In 1968-69 Government spending cost each taxpayer \$1,837. This year it will cost us each \$8,211. That is an increase of almost 534 per cent per taxpayer in 14 years, an average of 38 per cent per year, more than triple the worst inflation rate of the period and four times the pre-double-digit inflationary period.

How do they spend this money? It is time all Canadians joined the opposition in asking the Finance Minister why the federal Liberal government spends our money at the rate of \$9 million per hour.

An example of an expenditure the government continues to pour money into is Mirabel Airport. To date, taxes amounting to over \$700 million have been allocated to keep this white elephant in operation. The Minister of Transport prefers to continue to support it rather than make a decision which might affect any of his caucus colleagues chances of re-election.

While Mirabel has been a thorn in our side for several years it is a fact that a significant portion

What can you do in the county?

From the Chamber

by Bob Stinson

What is There to do Around Here?

Not too many years ago the Highlands were renowned for their beauty and relaxing atmosphere and little thought was given to other "things to do" for visitors. People change, however, and so have the Highlands.

Visitors want to get out and see some sights and do a few things besides sitting and admiring the scenery and fortunately we have lots of variety for them now in the county.

The Slide Ride in Haliburton village is one of the more spectacular diversions and this year with the addition of the all day pass it has become a relatively economical method of enjoyment. Right beside the Slide Ride is the Sky Skater roller rink housed in quarters that are used for curling the rest of the year.

The beautiful new park in Haliburton is drawing many visitors and you will find paddle boats and windsurfing equipment for rent there. Windsurfing instruction is now also being provided at Haliburton Lake by the marina, Halls Lake at Sandy Lane Resort and on Lake Kashagawigamog at Locarno Resort.

You can have a boat tour on Lake Kashagawigamog too in the Highland Queen which leaves Deer Lodge daily at 2 p.m. Just a little further along the same road is Haliburton Air Service and there you can book an exciting trip around the area by air.

In Glebe Park on the north side of Haliburton the Haliburton Pioneer Museum awaits your inspection with lots of interesting exhibits of our earlier days. The Rails' End Gallery also provides a look at the past where trains served the town plus exhibits of the present craft and cultural talents of many of our residents.

The Caboose beside the gallery serves as our information centre and is worth a visit to get exact directions on where everything is.

Another museum that no visitor should miss is the Kanawa Museum of Canoes and Kayaks at Camp Kandalore on Highway 35 just south of Ox Narrows. It is the largest collection of it's kind in the world and it is housed in a two storey log building in the woods.

Just north of that location is the Leslie Frost Resources Centre operated by the Ministry of Natural Resources on Lake St. Nora. Wildlife and nature exhibits, nature trails, and many special interpretive programs are featured.

Once you have travelled that far up Highway 35 it's well worth while to drive a bit further to experience the picturesque village of Dorset, and Robinson's Store. Robinson's was selected as Canada's best country general store by Today magazine last year.

In Minden the new Agnes Jamieson Gallery and Minden Library are located on the Bobcaygeon Road in a very attractive log building. Presently on display in the Gallery is the work of

Bruce Mills who has painted local scenes in his own interpretive fashion for many years. The first week of August will feature an art show and sale featuring various local talents. Roller skating is also available in Minden at the Community Centre which overlooks the fairgrounds (site of the County Fair August 21-22), tennis courts and ball diamond.

Minden White Water Park on the Horseshoe Lake Rapids just north of Minden is always an interesting place to visit. The Ontario Wild Water Affiliation worked long and hard to create this world class competitive course which this year will be the site of the third and final event of the Pan-American International Championships for Kayaks, on September 4.

If there are no boats testing the rapids when

Minden drops league leader

The final week of the regular schedule got underway Monday. The Haliburton Ladies played host to the Minden Juniors and came out on top 7-4.

Huskie places first

Gary Vasey's maiden two year old placed first in a field of thirteen horses in the third race at Woodbine, Saturday.

Haliburton Huskie was thirteenth to leave the starting gate and edged to twelfth position at the quarter, took ninth at the half and moved into fourth on the straightaway. Haliburton Huskie, carrying a weight of 120 pounds, finished first by two lengths.

Haliburton Huskie paid \$27.70, \$12.00 and \$5.20 at 12.85 to 1 odds.

The horse races again this week-end at the Bull Page Stakes.

played there. Minden scored two runs in the first and third and got one run in the second to shut West Guilford out until the fifth inning. Then West Guilford scored five runs to tie the game. Both teams were shut out in the sixth and seventh and agreed to play extra innings.

Both teams were shut out in the eighth but in the top of the ninth Dixie Lee bats erupted for seven runs on timely hits by Helen Burk, Anne Hewson and Lyn Winans. The Guilford girls could not get past second base in the bottom of the ninth so the final score was 12-5. Anne Hewson got the win while Joan McKay took the loss.

Tuesday night Carnarvon

travelled to Minden to take on the Dixie Lee team. Minden came out on top 13-5. They were led by Rhonda Wilson, Judy Jackson and Marlain Wilson. Shirley Harrison was four and four for Carnarvon. Nelda Cully got the win while Lil Gorveatte took the loss.

Also on Tuesday, Haliburton travelled to Wilberforce and came out on top 14-9. They had a good night at the plate from Marla MacNaull and Miriam Smith.

Chris Storey and Jo Olszewski each hit home runs for Wilberforce. Nancy Maughan picked up the win while Gail Rowbottom and Jo Olszewski shared the loss.

West Guilford defeated Carnarvon 29-9 on Thursday night.

Also on Thursday the Wilberforce ladies had hot bats and defeated the Minden Juniors 28-16. They were led by Cindy Ablett, Gail Krupa, Judy Barras and Jo Olszewski.

The Juniors had a good night at the plate from Terry Dillon and Werna Blakey. Gail Rowbottom pitched her best game of the season to pick up the win while Cheryl Dillon took the loss.

T-ball ends in Haliburton this week

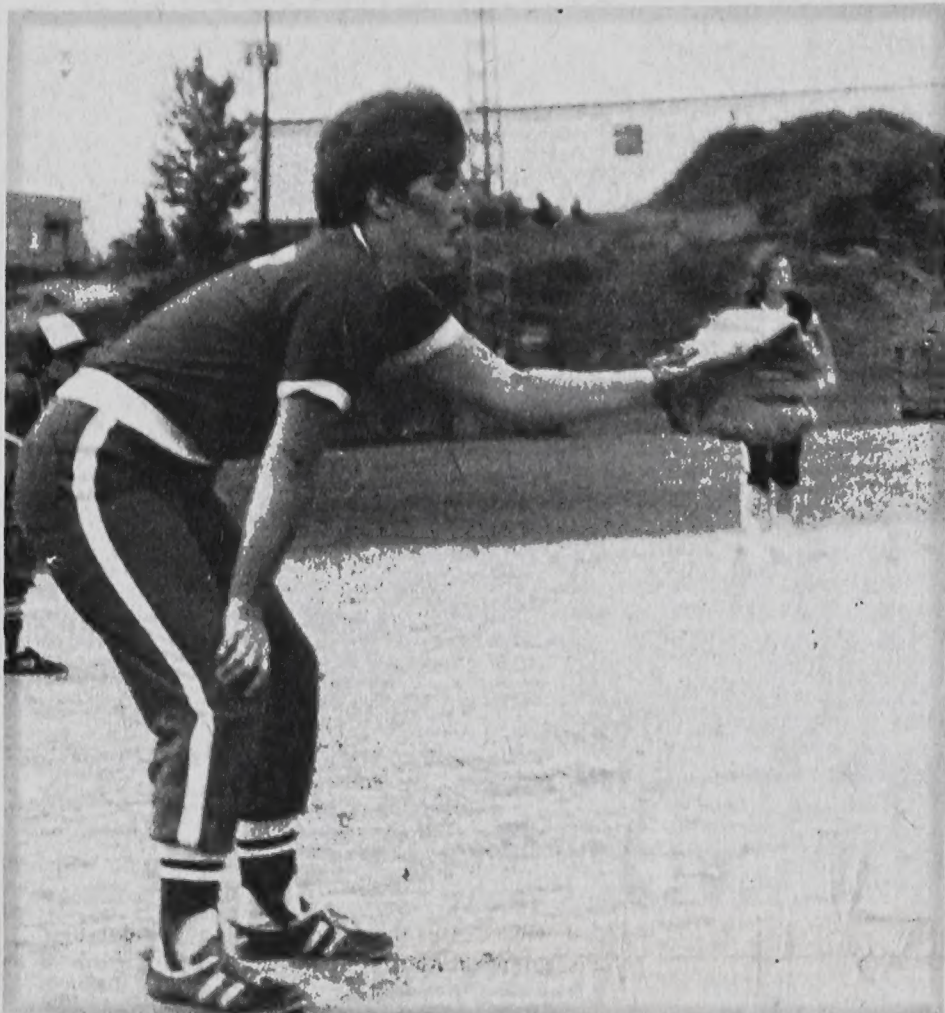

Due to the carnival at the park last week there was no game for the Bantam age group. This week a team from Minden will be in town.

This will be the last week for "T-Ball".

Last week numerous players were away so the Pee-Wee division played "scrub-ball" between themselves. There were several homeruns during that game.

The batter slices into her swing at the Minden ladies softball tournament. Lindsay eventually won the competition.

A first baseman prepares herself for the hit at the Minden ladies softball tournament.

The Yard challenges many runners

The Heineken Yard, the oldest footrace in Haliburton County, will draw hundreds of runners to the village of Minden on Thursday afternoon.

This is the eleventh running of "The Yard", which is organized by former Onondaga Camp staff members in association with the Minden Rotary Club Carnival and Brooks Athletic Shoes.

The route runs 4.5 miles (7.2 km) from the Onondaga Camp gate, over a pleasant country road to Minden where runners sprint along main street to finish in front of the Rockcliffe Hotel.

Last year's competition drew 205 runners including Dr. Robert Moore, who has broken the top ten in the Boston Marathon four times and won the Canada Master's Marathon championships; Graham Milne, Scotland's top distance runner and the Canadian Select Bobsled Team.

The team, which is in training for the 1984 Winter Olympics in Sarajevo, Yugoslavia will return to "The Yard" this week to introduce its new four-man sled. In a repeat of last year's performance, they will complete the last mile of

the course pushing their bobsled mounted on its wheeled training suspension. The sled will be displayed for the public after the race.

Registration begins at Onondaga Camp, on the Deep Bay Road at 2:30 p.m. and closes at 4 p.m. Runners are asked to organize car pools or rides to the starting area as parking spaces are limited.

The race begins at 4:30 p.m. sharp.

Two police cruisers, one in front of the first runner and one following the last runner will be provided an escort.

It is expected the leading competitors will cross the finish near the 4:53 p.m. mark while the last runners usually complete the course by 5:30 p.m.

At 5:45 officials will complete the race results and the awards will be presented at the Rockcliffe Hotel.

Master's and open categories exist for both men and women with first, second and third prizes presented in each class. The first ten placing runners will receive prizes as well.

League contest is close

Major saw the world the soldier way

"I've had 40 years of what I call a variety of soldiering." That is how Major Glynne Lewis (ret.) summed up his experiences when asked about his military career.

Lutterworth's Deputy-reeve has served in three armies, in locations as widely separated as British Honduras, the Persian Gulf and Malasia.

Lewis began his career in the Canadian army in the Depression. His first enlistment was as a trooper in the Mississauga Horse in 1933.

This regiment was amalgamated into the Governor General's Horse Guard in the late thirties during a general re-organization of the

by PETER McGUINNESS
Echo Editor

and terrible slaughter among the various factions of Indian society. The Guides were stationed in Armanaggar, "keeping the peace."

Despite the turmoil Lewis decided to bring his wife, Lyndsie, out to India. Lewis describes his wife as "A first class lady, she supported me in every way."

Her family has lived in the Minden area for more than 100 years, her grandfather having been

Many of the other European women in that area carried firearms, usually in their purses. Lyndsie Lewis reports that several times during her stay one or other of the ladies would put her purse down too roughly and the gun would go off startling everyone in the vicinity.

Another story she relates is about her cat and a rather startled subaltern. "Our house had a small hole in one of the bedroom windows," she said. "Our cat used to go in and out through the hole. One night, when we were away, our subaltern was sleeping in that room and heard a rustling at the window. He imagined that it was the Mau Mau trying to break in and got his gun. He nearly shot our cat before he discovered his mistake."

Lewis was seconded to a royal tank regiment during the Korean hostilities.

After he left Korea Lewis got involved with military intelligence as a Military Intelligence Officer. These special officers were involved in anti-insurrection liaison with local police and military units.

"We were seconded to local police forces. Our job was to extract information from the police and our own contacts on which the army could act," Lewis said.

more or less permanent basis. "If anything came up I had two hours warning to get ready and go," Lewis said, however.

In 1968 and 1969 he was dispatched to Bermuda to deal with disturbances there. His 1969 trip was due to a seminar being held on the island by the Black Panthers; it was anticipated that this might develop into a serious problem for the authorities.

He served as an instructor during the early seventies with the Women's Royal Army Corps officer training corps for a year. Lewis said that this was "quite an education," for him as well. He taught military law, map reading and leadership skills to cadets.

Having decided that being an instructor was not for him Lewis decided to take his leave in style. He and another officer were ordered to appear at the "passing out exercise" of the college. They put on full service dress uniforms complete with medals and swords and met behind a building near the parade ground.

"We marched around the building so as to meet in the centre on the other side in front of the parade," Lewis said. "We marched toward each other, came to a proper halt and tipped our caps to each other."

Although the cadets enjoyed the spectacle, Lewis said the commanding officer was not as amused.

After leaving the WRAC officers' school Lewis went to Oman where he served as a Desert Intelligence Officer.

Lewis' last active posting was to Northern Ireland in 1974. After his retirement he returned to Canada and came to live in Lutterworth township.

Lewis says that his object in pursuing a military career was "To gain the maximum amount of experience that I could." He feels that, although other people might enter the service for a variety of reasons, he has gained the experience he sought and has had the opportunity to put it to use in a wide variety of situations.

"My career has given me a great appreciation for the police," Lewis said. He feels that most people have very little conception of the difficult job the police have.

He said this was particularly true in Canada where there has been no serious civil disturbance since the Riel Rebellion. "People don't realize that in inhibiting the police force they are endangering themselves in the long run," Lewis said.

Lewis said that although he is retired he feels he still has certain obligations and responsibilities that he should live up to.

"Just because you are retired doesn't mean you should be inactive," he said. Lewis said that this was a major reason for his entering local politics.

Lewis realizes that many people misunderstand his retention of his military title as his form of address rather than switching to the civilian "Mr." He points out that he is entitled to use the rank by established custom and like any other professional a military man should not be deprived of the distinction he has earned.

But it also expresses his resolve not to shirk any of his responsibilities.

Our last cavalry was for the King

Canadian forces. Eventually Lewis' troop was converted from a cavalry to a light car troop.

"Our last cavalry exercise was for the King and Queen's visit in the spring of '39," Lewis said. Lewis served in the rear guard of the travelling escort.

During the royal visit the regiment performed a ceremonial role similar to that of the Household Cavalry, recently attacked by the IRA in London.

In the summer of 1939 the Canadian army went to camp to complete its preparations for war. The Horse Guards were mobilized as the Second Canadian Motorcycle Regiment and after five months training were converted to an armoured force.

It was during this period of time that Lewis gained his first commission; one of four of His Majesty's commissions he subsequently would hold.

Lewis earned his commission in the spring of 1940 but had resigned shortly thereafter because he did not want to be left behind when the regiment was sent to Britain.

However his regiment did not cross over as early as anticipated so Lewis resumed his commission and was sent to the Canadian Officer's Training Camp (COTC) in Brockville. Lewis was in the first three classes at the Brockville camp.

"They were so pushed for instructors I was roped in to teach the elements of signalling," Lewis said about his stay at the military institute.

While in Brockville Lewis served under a commander named Whitelaw. This officer's reputation can best be gauged from an anecdote Lewis relates. "We used to say that there were three kinds of law in Brockville; civil law, military law and Whitelaw."

After his stay at the COTC Lewis was posted to the Royal Canadian Dragoons. He went overseas within two months of this assignment and his regiment was part of the Fifth Armoured Division.

Lewis was still interested in a more active posting and an interest he had in the British Indian Army since his arrival in England eventually developed into an opportunity. "By the end of 1943 I had gained a transfer to the Indian Army," Lewis said.

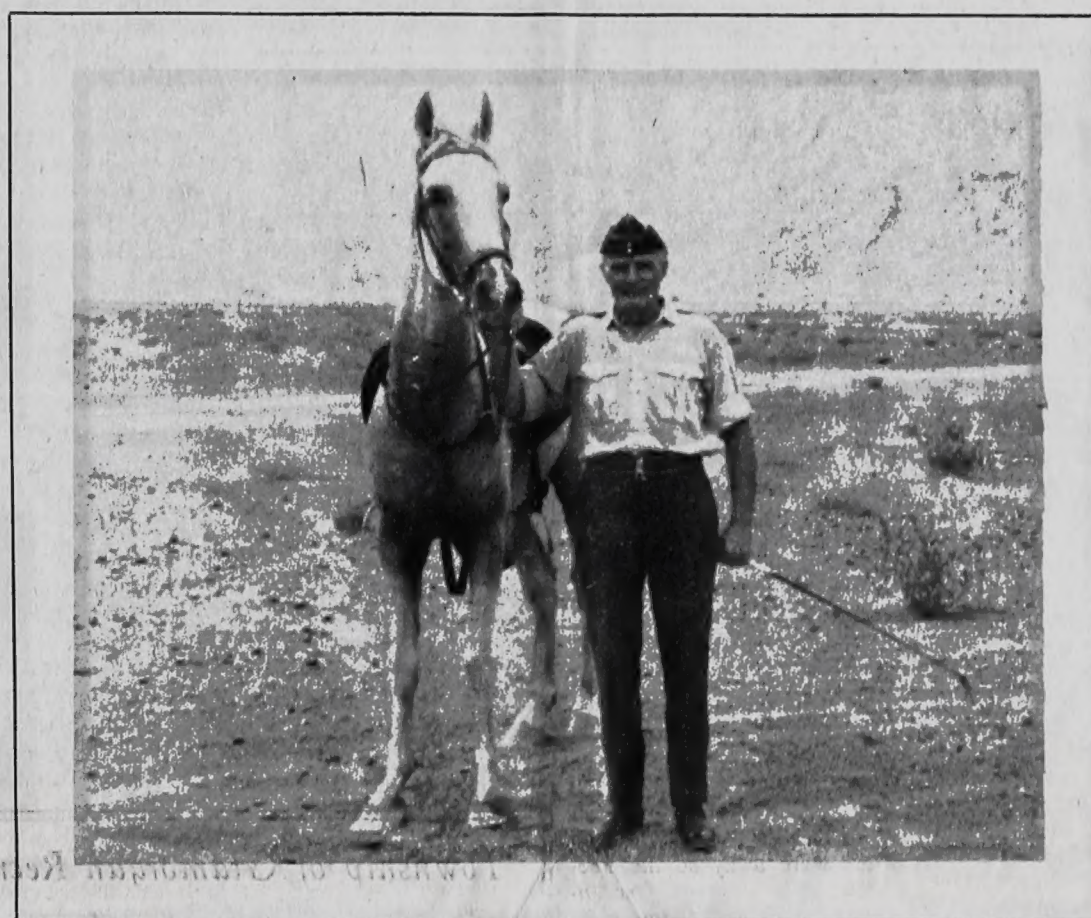

Although it is not well known in North America more than a million men served in the British Indian Army during the Second World War.

Lewis was attached to the Queen's Own Corps of Guides while in the Indian Army. This was part of an emergency force that had been created in

one of the original publishers of the Minden Echo.

Lewis obtained a leave of several months to go and collect his wife in 1946. During his stay in Canada he took a serious look at the post-war Canadian army but decided that it showed few signs of changing its pre-war disposition.

The couple set sail for India in December of 1946. They travelled on one of the last "dry" American troopships. They spent both Christmas and New Year's at sea; the only merriment available being cooking sherry and weak beer on tap.

When they arrived in India Lewis found that the political situation had changed during his absence. Previously the British had anticipated an extended change of power, lasting five to ten years. However, due to increasing disturbances Lord Louis Mountbatten, the last Viceroy of India, advised Westminster to complete the change within a year.

This force was dispatched to different countries where there was an active insurrection of a "budding problem".

Lewis was sent to Cyprus during the disturbances there in the late fifties. His wife remembers the stay on that island quite vividly. "The worst thing about Cyprus," she said, "was the barbed wire around the house. And, of course, he was off in the hills every night and I didn't know if he would come back."

Lewis told of his wife helping him blacken his face for camouflage on his night-time forays into the partisan haunted hills.

Lewis was sent to the Sultanate of Oman in the years 1959 to 1961. He spent two years British Honduras, now Belize, following that assignment.

Here both he and his wife remember the "chaos and loss of life following hurricane Hattie," as Lewis put it. Almost as soon as his wife arrived she was evacuated to a remote army camp with the other military wives to sit out the storm.

The camp was cut off for several days following the hurricane until the base commandant could make the trip by river to the capital.

After British Honduras Lewis was posted to Sarawaka in East Malaysia, during that country's confrontation with Indonesia. He went to Aden in 1966-67. "They had open insurrection there," Lewis said. "That was during the withdrawal from Aden period."

After 1967 he was stationed in England on a

Major Glynne and Lyndsie Lewis

His wife blackened his face for camouflage

the mid 1800s to handle border disturbances and uprisings in northwest India.

The force got its unusual name from the fact that its troops were recruited from the trans-border areas of India and were expected to be thoroughly familiar with the northwest borders so that the force could lead the way into any area where there was a disturbance.

The force served in the middle-east during the war but was transferred back to India prior to the final battles for North Africa.

Lewis continued to serve with the Corps of Guides after it was transferred back to the Northwest Frontier Province (now part of Pakistan). He remembers the period leading up to Indian independence as one of extreme turmoil

Lewis stayed nine months in the subcontinent before returning to the United Kingdom. He joined a regiment in occupied Germany in October 1947. He stayed with the Prince of Wales Own, Tenth Royal Hussars "for three years, till 1950. That is where I was an orthodox soldier for the last time."

After his tour of duty in Germany Lewis was posted to the East African Independent Armoured Car Squadron. Along with other East African forces Lewis' squadron became involved in the Mau Mau insurrection in 1952.

His wife went to Kenya with him and since they were in an isolated spot Lewis obtained a Mauser pistol for her protection and taught her how to use it.

FAMILY

Gordon and Beulah Barr of Gooderham celebrated their golden wedding anniversary this past Saturday. Over 200 guests attended the festivities and greetings and best wishes were received from various officials and dignitaries including the Governor-general.

Senior League

by Bert Harrison

Well, folks, our gazebo is almost complete thanks to the builders who have built it so neat. It is a lovely building. We can look on it with pride. It will surely be nice when we can be sitting inside.

Rev. Burgess took the service on the 18th day of July. It was a real nice service and I will tell you why. The Thompsons came down here this service to share. Harold read the lesson, his wife played music, and led us in prayer.

Then Rev. Burgess took over, and he surely wasn't slow to tell us if we didn't live a Godly life, where we just might go.

We watched four really interesting movies Monday night.

We have two fine ladies retiring from here after serv-

ing so faithfully for so many years - Muriel Welch who looks after the books, and what else, goodness knows - and Mrs. Walker, ten years looking after our clothes.

They are leaving here with the deepest regret. When we think of their going our eyes get all wet.

But they say they must go, whatever betide. Our prayers go with them, and may God be their guide.

Winnie Johnson has gone to her old home at Maple

Gooderham plans another Horseshoe Days

Gooderham will be the site of Horseshoe Days this Friday, Saturday and Sunday. The package of family entertainment and fun will feature everything from magic shows to dances and crafts to horseshoe pitching.

Horseshoe Days starts on Friday evening, July 30 with pony rides, concession stands, a magic show at 7 p.m., and starting at 9 p.m., a rock and roll dance.

The dance will feature a live band and is held under a special occasion permit.

On Saturday the fun continues starting at 1 p.m. The horseshoe pitching contest is one of the main features of the afternoon. Everyone can qualify for the event and \$150 in prizes are offered.

Also starting at 1 p.m. there will be family games and contests which both young and old will enjoy.

Happy Gang News

by Watson Anderson

It may be nice to take a look back and remember it was started by a determined effort on the part of Charlie Plewman and got off to what we believe was a very successful beginning and since it has showed uneventful

progress and a record of the Gang's progress. Special mention must be made of Sheila Elston, the administrator and who for that interval has, as a mere slip of a lass, been our boss, and how the staff has seen a

relatively small turn over.

Monday morning the Happy Gang choir had a new music teacher, Glenna Beckham, a very talented pianist. We were very fortunate that she would help out in this way. The choir were glad too that they did not miss a session of practice that they look forward to each week.

In the afternoon, wood-working was the order. Harold McKelvey, Jim Allan, Ray Smith, John Sissons, Allan Macklin and Lila Simmons with the assistance of master carpenter Charlie Stormer continued to make the flower pot bunnies of which a neat dozen are already complete.

High rise tourist accommodation (cliff dwelling) is coming from the cities to the cottage country and it seems the latter are opposed. To us who have no business commenting it does seem to be a good way to avoid too much lakefront sprawl and city hall gets much more revenue from much less servicing.

The poppies that started the floral display have run their seed production and simply died leaving a blank in our garden.

This brings us to an interesting facet of planting. The dead plant debris is not thrown away but a hole is dug 10 inches deep where the plant was and is cleaned out to a 10 inch diameter and the lower six inches packed tight with any vegetation at hand followed by 10 litres of water. The soil which was removed to make the hole is sifted through a 5mm mesh screen and about 500cc put in the hole that is ready now to take a replacement plant which may be a pansy, a geranium, a snapdragon or a

salvia. It is positioned as though the hole were a pot, flooding it in with another half litre of water. A lot of thought you say? We do not think it any more trouble than any other method except for getting the vegetation debris.

But if you have any of those dandy burdock plants loaded with burrs take it out, root and all, when packed in it should be enough. Lacking a burdock you may have to settle for a load of other weeds or debris. If your soil has no stones or pebbles it will not need screening.

A memorable game of bingo was played Tuesday afternoon with Betty Wise, Helen Archer and Eva Howe volunteer helpers. Ray Smith did the calling and Ivy Shaw was scrounging the prizes.

On our walk we encountered another very nice gesture on the part of John and Jane Miller on Park Street. They had some promising shrubs beside their doorway and they perhaps made us look covetous because a day or so later their young lad, Kent, brought a pail of them here to enhance what we have.

We have a bed that is not planted and if we border this bed with a single row, this time next year they will have taken over the bed. We appreciate this gesture very much.

Seven thoroughbreds turned up for the dog show Wednesday. Anyone of us who could sit on a chair was a judge. It was perplexing because if a prize was to be given to the dog with the longest tail, there was only one dog with the longest tail and if a prize were to be given to the smallest dog,

there was only one smallest dog. The dogs were good sports anyway and each minded their own business. The judges and spectators who looked quite happy despite the sweltering heat deemed the show a success.

We apologize for using the first-person plural in order to stress that we are a composite of all that we have met and without which we are nobody.

The week coming will be time out and to fill out the balance of the week we will try to describe an incident that occurred recently that deals with that most remarkable liquid we call saliva (spit). Firstly, viewed by microscope any time you may make a smear they proliferate enough to produce a turnover of saliva of up to a cupful daily and everyone alive is producing venom that can quickly kill anything not immune to it. It is also a perfect culture medium and a lubrication that makes episodes between the lads and lassies of our young days a pleasure. It is certainly an interesting liquid.

Recently our vision has been failing and we have been told by an ophthalmologist and an optician that there is degeneration in progress on the retina.

Mix those together and you have our request that our doctor instruct the nurse to put one drop of our saliva in each eye once daily. Because such a thing it appears is unheard of he demurred and suggested we go to another ophthalmologist but they all had opted out of OHIP (on strike for higher wages) leaving us the need to circum-

Playground set up in village

by LEOPOLDINA DOBRZENSKY

If you live outside of Haliburton village and come into town once or twice a week, you may wonder where you can leave your youngsters while you do your shopping?

You might take your child to the playground in Head Lake park. During the summer months, the Municipality of Dysart is sponsoring a supervised children's program for 3-10 year olds every Monday, Wednesday and Friday, from 9 a.m. to 12 noon. The activities which

are free of charge, include play equipment and various games.

In case of rain, children can report to the basement of the public library for films, crafts and indoor games.

Directors Pam Iles and Lisa Salvatori also teach tennis, soccer and ladies' fitness. A list of the municipalities' recreational programs can be obtained from the directors or at the Haliburton County Information and Referral Centre in the Drag River Municipal Building in Haliburton. Office hours are 10 a.m. to 2:30 p.m., Monday to Friday. Telephone 457-2733.

Hot weather doesn't deter children from involvement

by MARIE CHAMBERS, WENDY LAKING AND CAROL LEE

Even though the weather is hot and the beach is crowded, there are a number of children who are coming out to the Young Artists' Summer programme. The programme offers crafts, drama and singing to children between the ages of 5-12 on Wednesdays and Fridays from 1-4 p.m.

Last week 21 enthusiastic children made stone figurines on wooden plaques and pins decorated with wildlife photos. Both the plaques and buttons were varnished to leave a shiny finished look.

On Friday afternoon, abstract wire sculptures were constructed by the children as well as creating their own melody and rhythm instruments. The instruments were later used to "shake, rattle and roll" in the singing.

The children's artistic en-

deavors will be on display for public viewing at the children's own "Summer Craft Show" on the boardwalk of the Raily End Gallery on July 30 from 1-4 p.m.

The Minden Molto Maestros are planning their debut concert for two Sunday afternoons near the end of August, hopefully outdoors if this beautiful summer weather continues. The exact dates will be announced next week, so stay tuned!

Decoration Day

HALIBURTON, ONTARIO

Decoration Day at Evergreen Cemetery,
Haliburton, Ontario has been set for
Sunday, AUGUST 8, 1982
Services at 2:00 p.m.

Wayne B. Wood, C.M.C.,
Secretary-Treasurer,
Evergreen Cemetery Ltd.

From the Chamber

from page 5

you visit you can still enjoy a pleasant walk along the picturesque rapids on the trails provided.

Excellent golf facilities exist in the Highlands for those who enjoy that sport. At Minden the Beaverbrook spreads out along the beautiful Gull River just north of Minden and just beyond that you will find Blairhampton on the southern shores of Horseshoe Lake. Overlooking Green Lake is Lakeside Golf Club near West Guilford on Highway 118.

On the south shore of Lake Kashagawigamog and climbing a spectacular hill overlooking the lake is Haliburton Highlands Golf Club, and just across the lake on Highway 121 is the PineStone Inn and Country Club. That's a total of five great courses all with their own distinct characteristics.

If you are into rocks and gems head over towards Wilberforce and Tory Hill for some of the best rockhounding in the world. Drop into the Wilberforce Rock Shop right on Highway 648 or the Dwyer Mine Rock Shop on Mumford Road for assistance on where to find the best specimens. The Bancroft GemBoree takes place July 30 to August 2 and the Wilberforce Rockhound Fair is on August 13 to 15.

That's just a few of the things to see and to do that are with us all the time, and in addition we have events occurring regularly which offer considerable diversion.

This week for instance, the "Western Days" carnival is underway in Minden and on the week-end the "Gooderham Horseshoe Days" gets underway.

In addition to the horseshoe tournament which

runs throughout Saturday and Sunday there is a beer garden, dance, talent contest, pony rides and a demolition derby.

Then next week the Haliburton Rotary have their carnival with the parade on Wednesday and a water ski show on Head Lake.

On Saturday, August 7 there will be a mid-summer dance at the Minden community centre with live entertainment. The provincial slalom championships are also taking place at the Minden White Water Park this same week-end.

And the list goes on....

Information Resource Centre

The Haliburton Home Support Services received funding this year to operate an Information Centre which is being operated by Leopoldina Dobrzynski. They are gathering information on all types of social and consumer requirements and can be contacted by calling 457-2733.

They are now organizing a calendar of events on which they hope to capture all the coming events of the county both large and small for the information of those inquiring. This job has been taken on by Jim Wilkinson who may be contacted at home, 457-2409, or through the centre office at 457-2733.

With your co-operation in keeping them notified of your events.

Report from Parliament

from page 5

If you did not like the shows last year write to the Canadian Unity Information Office and tell them that as the sponsor of the show you would like to see some changes made.

You may say that all this was before MacEachen thought up the 6 per cent road to recovery. Well it has just been made public that between May 30 and June 10 of this year civil servants took 36,000 air trips, 1,500 of them out of the country. This does not count flights by the Department of National Defence and External Affairs.

Assuming a modest average cost per flight of \$200, this is \$7.2 million in 37 days, or \$5.8 million per month. This is in the period in which the Budget was being prepared.

We have also just learned that an assistant secretary to the Cabinet has been sent to the French Riviera to learn French at a cost of \$12,000, plus her salary. Possibly she also took with her one of the new briefcases, recently purchased at a cost of \$500,000.

These examples alone cost us about \$31 million per month or \$365 million per year.

The government refused in its June 28 Budget to do anything that would bring its spending in line with the value of its assets. Any private

enterprise with revenues that only equalled 75 per cent of its expenditures and gross debt that was more than double the value of its net assets would be forced into receivership. The government has bankrupted our economy and has no idea or inclination to change its policies in order to bring about real recovery.

Gooderham plans Days

from page 8

Other offerings that afternoon will be more pony rides, an amateur show, men's softball competition and displays of crafts and nik-naks.

At 9 p.m. there will be a family dance.

On Sunday, starting at noon, the horseshoe pitching contests and men's softball competition will move in to high gear, as the week-end of fun draws to a close.

In addition to the concessions and other fun offered that afternoon there will be a tug-of-war which will pit two

teams against each other in a test of endurance, inertia and rope.

The highlight of the afternoon will be a giant demolition derby which will start at 2 p.m. More than \$400 in prizes will be offered for competitors in the smash-up event and the first prize will be worth \$250.

Everyone will be welcome at this exciting week-end of entertainment. There will be a daily admission charge of \$2.00 for adults, \$1.00 for those under 19 and preschoolers will be admitted free.

Happy Gang News

from page 8

vent the demure and exercise our ingenuity.

After four weeks our vision is now as it was a year ago. What a new world of research is now possible, how exciting.

One may say that caution is advisable but, really, we are not the doer, we are simply spinning a yarn.

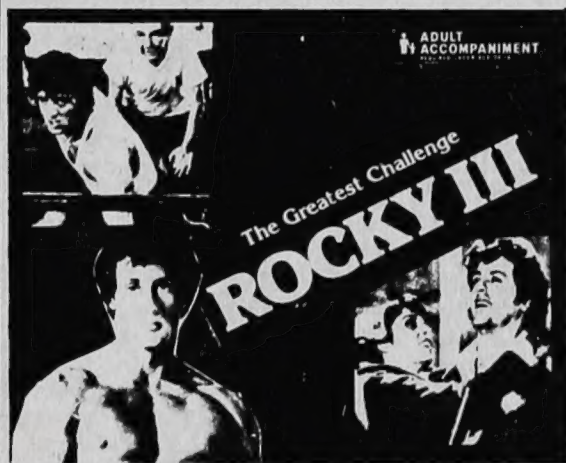

Rev. Rick Brewster of the Allsaw Pentecostal Church and Marjorie Reddick, pianist, conducted the devotional period Friday morning. The

theme was taken from the gospel according to physician St. Luke Ch. 4, v. 18 in which the Spirit of the Lord sent him out to practice among the poor and the needy to be sure that any in need would be cared for, according to Christ's promise.

Four movies were shown in the afternoon. The first was 'Adventures in the Wild'. The second was 'The Blue-nose of Nova Scotia', the third was the 'Calgary Zoo', the best in the world, and finally we saw 'Canoe', a film to foster Manitoba tourism.

DISTRICT NEWS

Chatting with Irene

by Irene Moore

The birthdays at the Hyland Crest home for the month are: Gladys Kirkpatrick on August 10; Dorothy Martin, August 10; Isabella Avery, August 16; Eliza Chalmers on August 19; Ernest Berry, August 25; Viola Deumo, August 27; and Alberta Webber, August 29.

Remember a visit or card cheers anyone up.

It has been brought to my attention that the amounts of some of the ingredients of the Oh-So-Good-Pie recipe, that was in the column in May were left out, so here is the complete recipe.

Cream 2 tablespoons of butter and 2 cups of sugar, add 4 well-beaten egg yolks, 1 tablespoon vinegar, 1 teaspoon each of allspice, cinnamon, and cloves, 1 cup of walnuts, 1 cup of raisins. Beat the egg whites until stiff and fold in; pour into an unbaked pie shell and bake at 350 degrees for one hour. Makes one 9 inch pie.

Bradley Robinson of Scar-

borough was home last week-end for a family picnic, at which Phil's birthday was celebrated.

Paul and Tanya Yearwood with their family from Coppercliff visited in the area last week.

The Cox family reunion was held at South Lake Trailer Park on July 18. There were over ninety people present, with Annie Cox as the senior guest.

Ivan and Liz Cox, with their son, coming the farthest, they came from Thousand Oaks, California.

Don and Joy Kellett, who with their children came from Atlanta, Georgia also came a great distance.

There were over sixty children and adults at the puppet show put on by the Deck Hands from Kingston, at the Library on July 22.

The Deck Hands will be back again on August 26.

Helen Trotter of Apsley has been visiting her friend Mrs. White. Trotter is a

regional director and enjoyed a tour of Minden's new library.

Lloyd and Jo Brownridge of Scarborough, who are vacationing at their cottage, had their son Bill, and grandson Billie spend the week-end with them.

Promises are like snowballs. They are easy to make but hard to keep.

There are two drive-in movies this week-end at Allsaw Pentecostal Church. July 31 you can see 'Just As I Am'; on August 1, 'The Cross and the Switchblade'.

Laura Cross is the page at the Minden library this summer, and is doing an excellent job.

Ray and Adele Rivers and sons spent the week-end with Maud Coulter.

The art show and sale of paintings by local artists will be on display at the Minden art gallery from July 31 until August 7.

The gallery will be open 10 a.m. to noon and 1 p.m. to 5

p.m. daily. On Thursday, August 5, the gallery will remain open at noon, and in the evening from 7:30 p.m. - 8:30 p.m.

Keep your empty egg shells and when dry crush them and use as fertilizer for houseplants.

Loyne and Evelyn Cox of Port Perry spent three weeks at their home in Minden.

Phil and Florence Robinson, and Bert and Libby Harrison, drove to Cannington last Thursday to visit with Libby's sister Nellie Gibson.

Bruce Rockory from New Brunswick has been visiting his parents, Anne and John Rockory.

A suggestion for the Post Office: If postal rates go any higher, maybe they should consider putting a tranquilizer in the glue.

Alan and Helen Brydson and Lesley of Bracebridge are spending this week at their cottage.

Adios and take care now.

Dorset News

by Phyllis Briscoe

"Hope, like love, transcends all, it is a friend, a healer and a maker of dreams."

What happens to the time? It's almost the end of July and summer will be but a memory before too long. So let's enjoy it while it lasts, the wonderful sunny days, the delightfully clear water in the lakes which we can enjoy swimming in and boating on.

We should never cease to count our blessings. When one thinks of the strife and anguish in other parts of the world we must realize that we are doubly blessed.

Echoes of the Past, a history of Haliburton county and a portion of the District of Muskoka, is available in a revised edition.

The errors and omissions

in the original edition have been corrected and this is an interesting anthology of the early days in this area and takes one up to the present day. It is on sale at the local business establishments and is well worth reading.

You pay your money and you pick your horse, and hope you have made the right choice. The bus load that went to Woodbine last Thursday from Dorset and included a group from Dwight and some from Baysville, really had themselves a good time.

The weather was beautiful and everyone seemed to enjoy the day. None of the winners paid very high stakes that day and on the trip home some didn't have much to say while others

were exuberant about the gains they had made. But that's the way the ball bounces, some are lucky and some are not.

What a thrill to win the daily double or a quinella. What suspense as the ponies round the turn to the home stretch and everyone is rooting for their "horse" to come in. It was Seniors Day and there were clubs from all over the province, all being guests of the Ontario Jockey Club.

The attendance that day was 11,348. Of course, there were others besides seniors there, but there were a goodly number of over 50's. A special thank you is due to Ralph Raven for organizing the trip.

A reminder that there is a

flea market and bake sale this Saturday, July 31 at the Dorset community centre, proceeds going to the centre building fund.

We told you last week about the exhibition of various types of art at the arts and crafts show. What we failed to do was to express the sincere thanks of the shows sponsors for the time and effort given by the exhibitors in bringing in their works of art and arranging them for exhibition.

Thanks to all of those who helped at the door, serving doughnuts and coffee when doughnuts and coffee and doing other chores, as well.

We wish to express the sympathy of the community to the family of Mr. Ham-

Coboconk News

by Shiela Lake

A number of young folk are enjoying the Shadow Lake's Junior Sailing Club. David Richardson, who can be reached at 454-1280, has all the information and, I'm sure, would appreciate talking to you if you have a youngster who enjoys sailing.

"Bud" Herbert and friend of Thunder Bay are visiting his parents, Mr. and Mrs. R. Herbert.

Norma Herbert was admitted to Soldiers Memorial Hospital at Orillia this week for surgery.

Mr. and Mrs. Art Noodle of Toronto were recent visitors of their cousin, Gordon Kay and family.

The winners in the senior's cuthere on Tuesday evening were as follows: for the ladies - Laura Irvine, 73, Myrtle Lucas, 69, Vina Neal and the most lone hands was Laura Irvine. For the men's - Tom Bowins, 73, Leslie Thomas 69, Kay Clodd and the most lone hands was

Leslie Thomas. In bridge - Jack McNeil 5420, Evelyn Skeats 5280 and Betty Harwood, 1620.

Eva Fisher and Ken Davidson of Tillsonburg have been visiting Mr. and Mrs. Ross Faulkner. Also visiting is Yvonne Brecht of Scarborough.

Pearl Bradimore is still not feeling too "peppy", although she is now home from Ross Memorial Hospital.

Ada Fisher of Lindsay visited her mother, Mrs. Marles, last week for a couple of days. She went picking blueberries.

On Tuesday evening, Teri Qua, Dolly Puterbaugh and I attended the "Winner's Circle" plate club meeting held at the Falls View Restaurant at Fencelon Falls.

This is a club for those who are interested in collector's plates, and Teri has become a very knowledgeable collector, doing hours of research on the plates. Apparently, "Mary, Mary",

that came out about three years ago, at \$37.00, is now worth \$330.00.

There are a number of books, catalogues and news releases that come out regularly to keep one up to date. One is called "Plate World", another is Bradford's "Collector's Plates".

A new member joined on Tuesday and another guest was most interested in the goings on. If you would like any information on Collector's plates, write Teri Qua, RRI Coboconk, Ont., KOM 1K0 or phone her at 454-8811.

The Four Mile Lake Tour-

ists' Association will meet at the Lion's Hall on Saturday, July 31 at 7:30. If you are a property owner on Four Mile, plan to attend.

Ann Robinson of Toronto visited her daughter and family, Mr. and Mrs. Edgar Fildey.

Maize Kelly is back after many, many months away from her home due to surgery. Marg Burmaster of Lindsay has been staying with Maize.

It's a beautiful hot summer day and our little town is crowded this Saturday morning. The Lions carnival is on

Kinmount Korner

by Millie Moss

The home of Win and Bill Wilson, RRI Kinmount, on July 19 was the site where some six local ladies along with Win held a flower arranging show. "Lil" showed that she knew how to make a beautiful arrangement.

Happy birthday to Wayne Smith on July 23.

I'm sorry to hear "Glady" Silver is a patient at Ross Memorial Hospital following surgery. Get well soon Glad, you're missed at the Kinmount Legion bingo.

It's nice to see Nora Crego home from hospital and looking well again.

While the Joe Crego family were on their camping trip at South Lake Trailer Camp recently, little Blair Crego toppled into the campfire burning one side of his face and neck. Blair has been improving steadily following a trip to the doctor, but it was a very bad scare for mom and dad, Dot and Joe.

Congratulations to Mary Anne Phillips, Ontario Scholar, who topped her grade 13 class at Fenelon Falls secondary school. Mary Ann graduated with a standing of 88.3 per cent.

She will be attending the University of Waterloo in the fall and will be taking courses in mathematics and computer science. We have reason to be very proud of our students and our Kinmount public school teachers who began it all.

This is the fourth consecutive year in which we've had the top student. In 1979 it was Susan Phillips, 1980 Leslie (Brown) Soever, 1981 Sandra Brown and 1982 of course, Mary Anne Phillips.

During that heavy rain two weeks ago, lightning hit the home of Stella and Albert Hartin putting their phone service out for a few days.

A giant flea market will be held at the Crystal Pier Marina August 1 from 10 a.m. to 2 p.m. Tables may be reserved inside for \$5 and outside for \$2. To make a reservation call 488-2277 or 488-2489.

The Marina is six miles east of Highway 121 on the Crystal Lake Road.

Speaking of Crystal Lake, Ida Young's son Tom caught a nice 4 lb. bass in there last week.

Mark August 7 on your calendar because that is the day Galway - Cavendish will hold their fourth summer festival at the Kinmount Fairgrounds. All proceeds will be donated to "The Building Fund".

The event starts off at 10 a.m. with a giant auction sale in the fairgrounds arena.

There will be all kinds of games, exhibits, rides, lucky draws, antiques, a bake table, a horse shoe tournament and much much more. Then from 8 p.m. to 1 a.m. a dance will be held with door and spot prizes and more lucky draws. A buffet lunch at midnight and music by Lyle Gannon will highlight the evening.

All this can be enjoyed at the arena and admission is only \$4.00. Sounds like a real fun day.

I hope to hear that Pearl Bradimore is feeling much better very soon.

Happy birthday to George Shepherd and also a happy eleventh birthday to Christina Fountain on July 24.

Here's a "quick goodie": Corn Flakes Macaroons: take 2 egg whites, 1/2 tsp. pure vanilla extract, 3/4 cups sugar, 2 cups of corn flakes, 1/2 cup chopped nuts and 3/4 cup shredded coconut.

Beat the egg whites and vanilla until foamy. Gradual-

ly add sugar, beat until still peaks form. Fold in corn flakes, nuts and coconut. Drop by level tablespoonfuls onto well greased baking sheets. Bake in moderate oven (350 degrees Fahrenheit) for about 12 minutes or until done.

Remove immediately from baking sheets to cool. This yields about three dozen corn flake macaroons, 1 1/2 inches in diameter.

What gets into people? There have been reports of several cases of cars being damaged while parked and our road was used as a drag strip in the early morning hours of July 24. It's "we the people" who have to pay for these things and I wonder where our old time sense of pride has gone and how anyone can afford the gas today just to drive idly around and tear up roads under repair.

Ada and Bert Bowrin of RRI Kinmount, are both in Ross Memorial Hospital at this time and we wish them well.

Saturday, July 24 was a busy day. The Kirkfield Lions giant auction, street dance and lunches, the Coboconk Legion's smorgasbord, the Kinmount Legion's dance and the St. James Anglican Church women annual salad supper all took place.

The W.A. opportunity shop being held all summer at the Norland Women's Institute hall on Highway 503 will hold their half-price sale of used summer clothing Saturday, July 31, 1 p.m. to 4 p.m.

Do keep well and happy and be here next week. I'm still at 488-2399.

Carnarvon News

Mr. and Mrs. Morley Edwards and family and his mother Shirley Edwards, of Niagara Falls are visiting with the Francis Thomas' and other relatives in the area for a few weeks.

Mr. and Mrs. Ross Misenor from Wahnapiat spent a few days with the Max McKays, both families were also overnight guests of Anne and Steve Kapys of Livingstone Lodge.

Mr. and Mrs. Laverne Thomas of Peterborough and Mr. and Mrs. Wilmot Thomas of Scarborough are holidaying at the Thomas homestead. Wilmot was the lucky winner of \$20,000 recently. Congratulations.

Mr. and Mrs. Jack Gregory have returned home from a month in Scotland, where Jack looked up old school chums and relatives. He reports a happy and exciting holiday. Jack also was served

a birthday cake on board the plane when he celebrated his eightieth birthday way up in the clouds.

Jack and Roacan Barnhart report a wonderful holiday in the West. They enjoyed the Wild West show at the stampede.

On their way to Banff and Jasper they saw elk, antelope, mountain sheep and goats, and also buffalo.

Ernest Davis' sale was quite a success. The articles are sold at a high price.

The Fun Day at Stanhope

drew a large crowd.

Mr. and Mrs. Doug Cowan of Brampton are spending two weeks at their cottage.

Hal Burton has his brother Chess of Paris, Ontario visiting him for a few days.

Farm News

by ERNEST HILLS

The monthly meeting of the Haliburton County Farmers Association consisted of an evening crop tour of various fields and pasture land felt to be of interest to area farmers.

Turnout was light, probably owing to it being the haying time for those with livestock. However, these outings inevitably prove to

be an education, as well as a bit of exercise and fresh air (sort-of-like a Participapion commercial).

For the past couple of years the Association has been monitoring the use of trefoil seed under different application techniques, upon pasture land at the farm of Mervyn Gilbert. Trefoil has proven to be a durable and valuable forage when applied

under the right conditions, on the rough pastureland Haliburton County provides.

Also included in the crop tour were fields of oats and barley at both Terry Blair's and at the Wruth farm. The Blair fields offered an opportunity to see the effective results from the use of a broadcast seeder, as opposed to the traditional seed drill.

Gooderham News

by Mary Hadley

Weather conditions were ideal for the celebration of the golden wedding anniversary of Beulah and Gordon Barr last Saturday. The location of their home on the

lakeshore made outdoor visiting very pleasant. A large number of guests gathered to offer congratulatory messages to the bride and groom of 50 years.

Plaques and messages of good will were received from Governor - General Schryer, Lieutenant - Governor Aird, the Prime Minister, the Leader of the Opposition,

and the Premier of Ontario. Mr. Bill Scott and John Eakins were present to convey personally their greetings.

Ken Maguire, reeve of Glamorgan township also brought congratulations from the county council.

Former residents who attended included Evelyn (nee Young) and John Wallbridge of Lakefield, Margaret (nee Falconer) and Moe Woods of Oshawa, Peggy and Arnold Hunter of Toronto; Nancy and Basil Hunter of Palgrave; Eva and Jack McKay of London; Mary (nee McColl) Maxwell of Marmora; Irene McTierney (nee Teeny McColl) of Honolulu, Hawaii; George and Patty (nee McColl) Osborne of Marmora, and Leona (Pickens) Mackey of St. Catharines.

Other guests too numerous to mention came from Ottawa, Trenton, Brockville, Belleville, Peterborough, Windsor, Barrie, Ridgetown, Lindsay and the Balsam Lake area.

Beulah's sister, Ruby Smith, and her cousin, Evelyn Lytle, served tea.

Ron and Sandy Barr of Gooderham, and Ruth and Tom Kindall, of Bracebridge, assisted in welcoming the many guests.

Lunch was served to about 200 well-wishers.

Their friends wish this happy couple health and happiness in the coming years.

A full capacity congregation from the Tory Hill Pastoral Charge attended services in the United Church on Sunday. The minister, Maurice Bradley, spoke on "Discipleship" and the challenge presented in taking up the cross and following Jesus.

It was a fitting message since the service also was a tribute to Pat Thorne who is moving to Minden where her husband, Leonard, will be stationed while continuing his work with the Ministry of Natural Resources.

Pat has worked devotedly and untiringly for the church, locally as well as for the whole charge, for the Sunday School, and in all Christian endeavours.

She has truly exemplified a life of stewardship for her Master.

She was presented with a plaque from the four-point charge, Margaret Pickens, on behalf of the United Church Women of Gooderham presented her with a silver tray, thanked her for her devoted service as president for several years.

After the service everyone went to the basement for lunch of sandwiches, salads, cake and ice cream.

A cake was made and decorated for the occasion by Marie Bird. Another cake was made for the golden wedding anniversary of Beulah and Gordon Barr, the previous day.

We all wish Pat, Leonard and Sharon happiness and God's richest blessings in their new home.

Mrs. Storey of Toronto is holidaying at her cottage on Pine Lake. While there she was visited by her two sisters, Noreen Law and Mrs. D. Varley.

Her daughter, Rose Surphlis, with her son, Brian, his wife, Marion, and their son, Brent, also spent some time at the cottage.

Jim Hunter has returned to Scarborough after spending two weeks' holiday with her parents, Ileen and Ivan Hunter.

The children from the day camp visited Winder Wheel Sites Trailer Camp where they stayed overnight. They enjoyed the experience and expressed their thanks in a letter which the Winkers appreciated.

Congratulations to Rosaline and Ivan Haywood on the birth of a six pound son at Haliburton Red Cross Hos-

Guilford Pulse Beat

Greetings friends! Just a few lines from your roving reporter to recap this week's news.

The beautiful weather we have been receiving from the apron of mother nature has picked up the economy in the whole area. Minden and Haliburton have been "swamped" with the great many tourists that are visiting our fair county.

I have noticed that the town of Haliburton always looks so neat and clean, even with all the traffic crowding the centre core. I believe a tip of "The Good Neighbour Hat" should be given to the man in the red suit, who daily, can be seen sweeping the streets, cutting high weeds, painting "No Parking" signs near the drive-ways of the local business, and performing the multitude of other work that this man does for the municipality of Dysart. A slap on the back to Bruce Fritshaw for the dedicated job he does.

Monday, July 19 the West Guilford ladies softball team was defeated by the Minden seniors by a score of 12 to 5.

This game was tied up through the seventh and eighth innings, but the Minden seniors really put the pressure on in the ninth. The game was enjoyed by all at the West Guilford centre that night.

July 22 Carnarvon hosted the West Guilford team but lost when homers were slammed in by Merrie Barry, Gail Medcalf, Michelle Rosenberg and Bethany Wood. Joan McKay nailed the ball for a triple. The end results of the game Carnarvon 9, West Guilford 30.

July 23 the Coboconk ladies were victorious over the West Guilford gals with a score of 15 to 5. That game

Please turn to Page 16

was played on Minden's turf. The following day, West Guilford bounced back and defeated Wilberforce by a score of 9 to 5. This game was played in Haliburton and I have information that Wilberforce tried to sneak in a few "ringers" from Toronto. Tsk! Tsk! Wilberforce!

Saturday, July 24, West Guilford beat Norland 18 to

5, but were defeated by the Woodville gals 11 to 3. These games were hosted by the Minden softball league.

There's no more news for this week folks, but please call this reporter (754-2854) if you have any news items.

I'll see you at the Legion's flea market this Saturday, July 31. So until next week God bless and take care.

Haliburton Highlights

by CREIGHTON FEIR

The tennis courts at Rotary Beach for some reason are busier this year than in other years. It is really encouraging to see more and more people taking up the game of tennis which is a good sport and good for your health. Several of the players are also taking advantage of the lights to get in some night tennis.

The new change rooms and washrooms at the beach are also a great convenience this year and we are certainly glad to see them in operation. Some of the municipal employees have been busy this past week finishing off the landscaping around the outside of the building.

The summer season is reaching the half way mark, we have met many of our old friends who have returned to the Highlands for their annual vacation. We sincerely hope that you are enjoying your visit and will return again next summer.

The following were winners of the Legion Carnival Draw for three \$1000 prizes which was held at Haliburton on Wednesday, July 21: Gary Madill, R.R.2 Haliburton, L.K. Levitt, Halls Lake, R.R.2, Minden, and Fred Smith, Oshawa, Ontario.

The Rotary Club of Haliburton passed a motion recently to accept responsibility for one pavilion in the upcoming Fall Colour Project which is being

Please turn to Page 16

Farm News

from page 13

At Dwin Wruth's one of the more interesting experiments in the area is underway, a tiny test study on the potential of growing soybeans locally. It is too early to determine the potential, and indeed it may take several years to come to any accurate conclusions, or reasonable expectations.

However, such studies are always of value to food producers and illustrate progressive steps in advancing the area's agriculture.

The crop tour concluded at

Tim Casey's on the original Casey family landholding, where Tim is reclaiming productive land back from the tag-alder. Once again we viewed pastureland seeded with trefoil, but of particular interest were the two plots of sweet corn.

In addition to the fertility problems of the reclaimed land, a wet June, and cool nights early in July (boy, remember those cool nights early in July!) have made this a disastrous year for corn growers in general, and a disappointment for Tim. Hopefully this last bit of a

heatwave will enable some salvaging of the corn crop.

The meeting then adjourned to the Warburton household for arm wrestling and video re-runs of My Favourite Martian. Thank you to Maureen and Randy for your hospitality.

The Farmers Market, speaking of extra - terrestrials, blasts off Saturday, July 31 at 9 a.m., on a location within the Minden municipal parking lot. The market's modest beginnings and it's inevitable growing pains will ultimately prove a tremendous boon to area agriculture.

The Haliburton County Farmers Association is pleased to announce it's second annual Farm Tour, Saturday, August 28, from 1-4 p.m. at the Wruth farm in Lochlin. Everyone is welcome to attend, admission is free, and if you enjoy any or all aspects of farming a good time is guaranteed.

This year's farm tour will provide a contrast between the "old fashioned" and the "new fangled", with machinery displays including horse and tractor drawn equipment. There will be a tractor-drawn wagon tour of the Wruth sugar bush, as well as the periodical operation of a threshing machine.

For the animal lovers we are arranging to display a wide variety of livestock, including horses, cattle, sheep, pigs, fowl, and if it can be captured in time - the Haliburton nipper - which occasionally slips into area barns and hides pint bottles of Royal Reserve in the grain bins.

Something for everyone? With crop and garden tours, and treks to the out-buildings to see what's out in the out-buildings, no one will be bored.

See you there!

WINDOW 40/40 WARS

Up to 40% off for 40 days on quality Dashwood windows

Dashwood declares war on inflation and high energy prices.

Cut down on costly heat loss through windows and doors. All Dashwood windows and doors are completely factory weatherstripped. For maximum effectiveness ask for triple glazing and dramatically reduce heat loss. Save on fuel bills and add value to your home . . . beautifully.

Now, you can save up to 40% for the next 40 days on quality Dashwood windows and patio doors.

Order Dashwood windows today for your new home or your existing home. There will never be a better time to save. Get Dashwood quality at "bargain window" prices.

Dashwood is carrying on their 40/40 Window War against inflation and high energy cost at:

Coboconk News

from page 12

and the "Demolition Derby" draws a big crowd.

I believe I neglected to mention it before, but be-lated greetings to the former Lois Batt who became Mrs. Gorrell recently.

Lois is a veterinarian who works out of Lindsay, and if you are a local farmer, perhaps have had Lois help you with a sick animal. She is still a busy vet and the only thing that has changed is her last name. Best wishes Lois.

A young couple, who own property on Baseline Road, just a short distance from Ted Garrells had put up a tent about two or three weeks ago. The tent was left up all week, and used on week-ends only.

Well, you guessed it. The tent was stolen in the middle of the week! You cannot leave anything on your own property, unless you cement it down. It's a great world, or rather, how sad it is that there are so many very dishonest people.

Dorset

from page 12

mond of Aurora who lost his life at Raven Lake last week. Mr. Hammond was holidaying at his cottage at Raven Lake and was working on a Hydro pole at his cottage when he was electrocuted.

Mr. and Mrs. Larry Singer, of Lehigh Acres, Fla. are visiting with their daughter, Mrs. Ted Morris and family. They helped Mrs. Singer celebrate her eightieth birthday in Aurora. There were 30 children and grandchildren present. The birthday was July 19.

We were happy to have David McKey back in the area for a brief visit. He was here to attend the wedding of Ean Lovell and Susan Shackler in Orillia at which Dave was best man. A young lady who works in the Fort Frances area where Dave works accompanied him to the wedding.

H.H. To get vegetable oil clean after deep frying, pour through a coffee filter. It will come out clean and ready for reuse.

On the Eve of MID-NITE Madness a letter to Council - DYSART et al!

I've been critical of the non-event of Canada's Birthday Party in Haliburton Village. After modest Media advertising, I'm convinced something should be done in 1983.

Confederation 115 years ago was built on co-operation; maybe next year we can do the same and have a memorable Extravaganza at Head Lake Park.

Northern Exposure

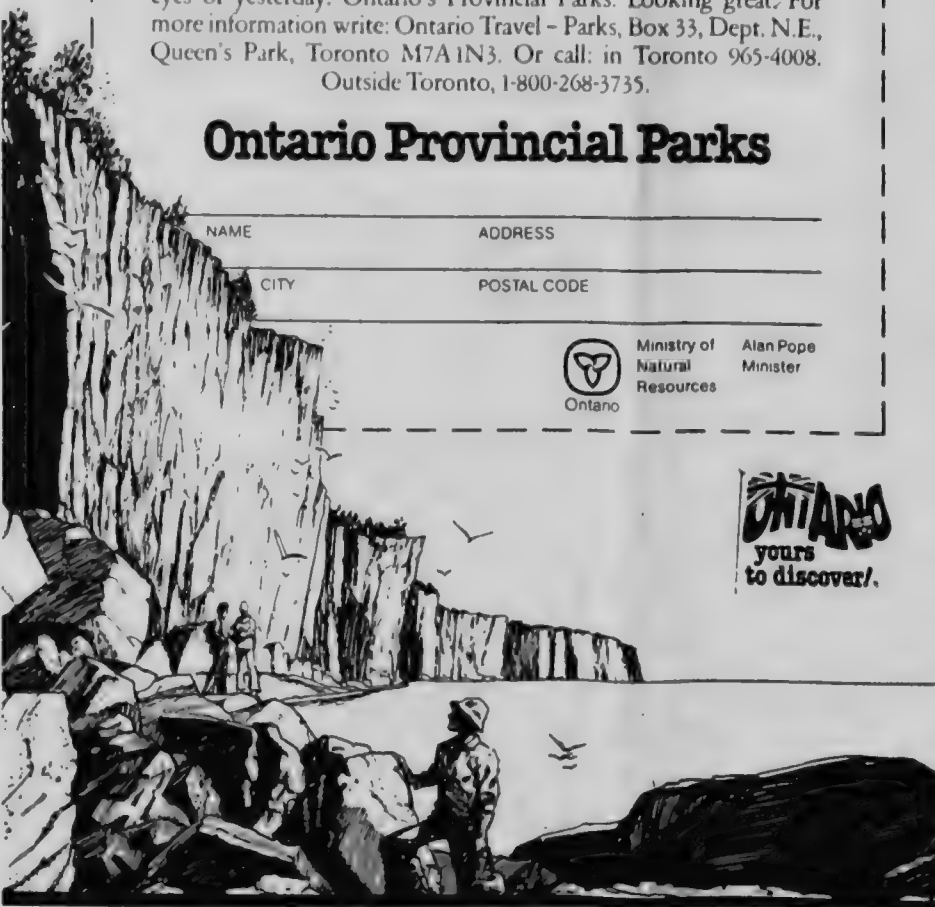

Expose yourself to the wonders of Ontario's Northern Provincial Parks. Introduce yourself to a new world along the fabulous coastline of Superior, or deep in the heart of the wilderness. Prehistoric pictographs painted on solid rock offer you the world through the eyes of yesterday. Ontario's Provincial Parks. Looking great. For more information write: Ontario Travel - Parks, Box 33, Dept. N.E., Queen's Park, Toronto M7A 1N3. Or call: in Toronto 965-4008. Outside Toronto, 1-800-268-3735.

Haliburton Highlights

from page 14
spearheaded to the local Chamber of Commerce.

Maria Stein is here from Germany on a short visit with her childhood friend, Ingrid Griffith of Mississauga. Stein is spending a few days with her cousins, the Scholz family, at Eagle Lake.

The Royal Canadian Legion Branch 129, Pipe and Drum Band are keeping quite busy this summer. Last Sunday they played at the St.

George's Anglican Church morning church service, tonight (Wednesday) they will be playing in the Minden Rotary Club Carnival parade and this coming Saturday they will be in Lindsay to join in with 21 other bands in a monster parade up Kent Street to help Lindsay celebrate their 125th anniversary. Then on Wednesday evening, August 5 they will be on deck to participate in the annual Haliburton Rotary Club summer parade.

Final plans are now being made for the annual

Haliburton Rotary Summer Carnival which is scheduled for Haliburton on Wednesday and Thursday, August 4 and 5.

This carnival has to rate as one of the most outstanding attractions of the summer season. This year should be no exception and along with the usual attractions such as the dances, barbecues, midway and what-have-you the Rotary Club have come up with many new attractions. On Wednesday, August 4, at 5 p.m. the first Haliburton/Labatts Fun and Fitness Run will be staged and for more info on this call either Bob MacNaull or Ken Rydman.

The theme for the parade this year is "Pioneer Days" and a total of four bands are expected to participate in this year's parade.

Some of the features to look for on Thursday night will be the horseshoe tournament at the Head Lake Park at 4 p.m. followed by a canoe safety demonstration also at Head Lake Park at 6:30 p.m.

Gooderham News

from page 14
pital two weeks ago. This baby joins a family of five brothers.

The sympathy of the community is extended to Grace Billings in the loss of her brother, Allan Spencer, who died suddenly at his home in Belleville.

Allan grew up in Gooderham but later moved to Belleville where he worked as engineer on the C.N.R. He

is survived by his wife and three step-children. Funeral services were held in Lindsay with interment in Lindsay Riverview Cemetery.

Grace Billings and Marilyn Island went on the 30,000 Island boat cruise on Georgian Bay recently.

Jamie Harkness flew down from Thunder Bay to spend part of his holidays with his grandparents, Margaret and Dallyn Pickens.

More Letters to Editor

To the Editor:

As a third-generation cottager at Ingoldsby, keenly interested and supportive of the hopes and aspirations of local people, it has long since occurred to me that Haliburton is not capitalizing on its own history sufficiently in the promotion of the tourist industry.

Even more important it is missing an opportunity to interest its own children and the children of visitors and cottagers in the rich lore of our own well-loved county.

I have a suggestion.

Lieutenant James Patrick Catty (pronounced Katey) Royal Engineers was the first white man to enter Haliburton for whom an historic record exists. He crossed the county in 1818 via Gull Lake, Canning Lake, Kashagawigamog, Head Lake, Drag Lake and out to the Ottawa River.

He was seeking a route to the Ottawa River and the lower St. Lawrence for the Duke of Wellington who wished to have safe inland navigation in case of war with the U.S.A. The Rideau Canal was finally built for this purpose.

There is only one of our 550 unnamed lakes (as the old sign used to say) left on his route, near us. That is the small lake between Kashagawigamog and Canning Lake at Ingoldsby.

I propose an annual summer historic festival for Haliburton to be called "Catty's Day". One event would be the official naming of the last unnamed lake "Catty's Pool" like Gloucester Pool on the Severn system near Honey Harbour.

A re-enactment, in historic costume, of Lieutenant Catty and his indians and voyageurs and British troops travelling by canoe from Moore's Falls to Minden over the ancient Minden portage to Canning Lake and on to Haliburton would provide events for both towns and places en route.

We don't seem to have many of Ontario's historical plaques, there is one at the Anglican rectory in Minden; but why not have a couple more? They are great tourist attractions.

They are free of cost, so how about asking Ontario's Archaeological Sites and Historic Board to put up a plaque to the county's first white explorer at Ingoldsby (that's half way and it's where I'm from)?

Let's have an oldtime historical festival for one day of the year and welcome Lieutenant Catty back to the highlands after 164 years. And at the same time attract a few tourist dollars, have some fun and remember our history.

J.A. Curtin,
Ingoldsby, Ont.

27. THANK YOU

The family of the late Irene Sawyer wish to thank all who sent cards, flowers, contributions and the women who served lunch after the funeral service. A special thank you to James Cooper and Gordon Monk Funeral Home. 27-P-28

I wish to thank the Haliburton Cancer Society, Mrs. Peggy Neville, all who support their cause, for the kind assistance they offered to my wife, Mrs. Phyllis Clubine during her long illness, and who passed away on July 1, 1982. J. Russell Clubine Wilberforce, Ont. 27-P-28

The family and relatives of the late Pauline E. Hubbert of Tory Hill would like to thank all of the neighbours and friends who so generously donated their time, gifts, and flowers in our recent bereavement.

We would also like to thank the nursing staff of Haliburton Hospital and Dr. Good of Haliburton for the excellent care that they afforded Mrs. Hubbert over the last several years. Our thanks also go to Gordon A. Monk and his staff of the funeral home in Minden for their assistance and a special thank you to all of the ladies who provided the fine luncheon after the service. Your kindness will always be remembered. Richard and Barry Hubbert 27-B-28

30. WEDDINGS

Mr. and Mrs. Harold Harding of Minden are pleased to announce the forthcoming marriage of their daughter, **DEBRA LEE to EDWARD**, son of Mr. and Mrs. Albert Cox of Minden. The wedding will take place Saturday, July 31, 1982 at 7 p.m. at Minden Gospel Church. Wedding Dance to follow, 9 p.m. Stanhope Hall. Friends and relatives welcome. 30-B-28

32. IN MEMORIAM

KENT, JEAN - In loving memory of a dear wife, mother and grandmother who passed away July 25, 1981.

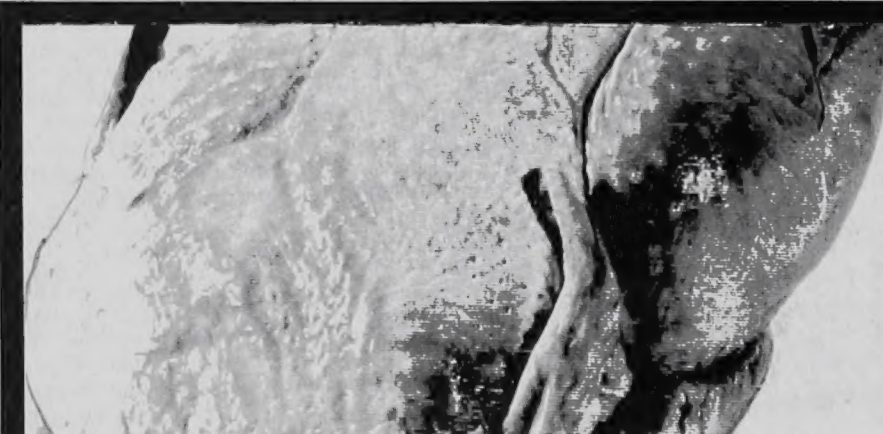

They say memories are golden Maybe that is true But we never wanted memories, We only wanted you. It broke our hearts to lose you But you did not go alone, Because part of us went with you The day God called you home.

Always loved and remembered by husband Earl and family. 32-P-28
